Lindcove Research & Extension Center

Citrus Fruit Display & Tasting

Everyone loves Citrus!

Join Us!

We will have bags for \$5 of freshly picked citrus for sale. Exact change only.

Lindcove Research & Extension Center

Scientists from around the State conduct research to:

- Develop and evaluate new citrus varieties
- Improve citrus production
- Protect citrus from pests and plant diseases

Results from their research are shared with growers, homeowners, teachers, and students to bring agriculture to life!

<http://lrec.ucanr.edu/>

Date

December 11,
2021

Time

9:00 AM- Noon

Location

22963 Carson
Avenue, Exeter.

Join us for this wonderful event in which you can see and taste citrus varieties that are grown at Lindcove.

Upon arrival, your group will wait inside the vehicle until directed to enter the parking lot. The group must complete the 'UC ANR Visitor Clearance survey' to participate and maintain 6' distance between groups.

Fruit display tables with plexiglass guard will be setup in the outer perimeter of an outdoor open space. Only one group per table is allowed, so expect some waiting inside your vehicle.

Citrus enthusiasts can have their citrus horticulture and pest management questions answered at the Master Gardener booth as well as from UC Extension personnel.

Directions: From Visalia take Highway 198 east to Mehrten Drive (Approximately 15 miles) and follow the signs to our event.

If you have questions please contact: Jasmin Del Toro, (559) 592-2408 ext 1151
