

Gospel Flat Farm Tour & Demo

~ Thursday, October 16, 2025 ~
5:30pm - 7:00pm

with Mickey Murch, farmer
Ellie Andrews, UCCE Specialty Crops Advisor
Helaine Berris, UCCE Water & Soil Advisor

[Register here!](#)

This is a free educational farm tour with field demonstrations of science-based methods that you can use to assess soil health metrics such as fertility, beneficial soil microbes & plant pathogens. Join us to learn about compost, microbes, organic nutrient & disease management in vegetables & cut flowers! Free pizza dinner provided by the UC Organic Agriculture Institute!

Please email Ellie Andrews at eandrews@ucanr.edu
with any questions.
