

Donations for agricultural research

July 1, 1981 - June 30, 1982

The following is a consolidated report of all gifts to the University of California for agricultural research and public service for the past fiscal year. There were 1,367 such gifts during the year, totaling \$4,441,339. In addition, various commodity groups operating under state- and federally-

administered marketing orders provided \$3,240,074 for agricultural research during the 1981-82 fiscal year.

Multiple gifts from the same donor have been combined in this report.
