California Agriculture corrections

On page 222 of the October-December 2013 issue, the third author's name was misspelled. The correct name is Shrinivasa K. Upadhyaya.

On page 218 of the October-December 2013 issue, the soil temperatures for the fall field trials were listed incorrectly. The sentence should read, "According to CIMIS data (Station 39, at Parlier), soil temperatures averaged 63.6°F, 73.9°F and 72.8°F during the fall 2009, summer 2010 and fall 2010 field trials, respectively."

Editor's note: *California Agriculture* is printed on paper certified by the Forest Stewardship Council as sourced from well-managed forests, with 10% recycled postconsumer waste and no elemental chlorine. See www.fsc.org for more information.

California Agriculture is a quarterly, peer-reviewed journal reporting research and reviews, published by the University of California Agriculture and Natural Resources (ANR). The first issue appeared in 1946, making *California Agriculture* one of the oldest, continuously published, land-grant university research journals in the country. There are about 15,000 print subscribers, and the electronic journal logs about 5 million page views annually.

Mission and audience. *California Agriculture* publishes refereed original research in a form accessible to a well-educated audience. In the last readership survey, 33% worked in agriculture, 31% were university faculty or research scientists, and 19% worked in government agencies or were elected office holders.

Electronic version of record. In July 2011, the electronic journal became the version of record; it includes printed and electronic-only articles. When citing or indexing articles, use the electronic publication date.

Indexing. The journal is indexed by AGRICOLA, Current Contents (Thomson ISI's Agriculture, Biology and Environmental Sciences and the SCIE databases), Commonwealth Agricultural Bureau (CAB), EBSCO (Academic Search Complete), Gale (Academic OneFile), Proquest and others, including open-access databases. It has high visibility on Google and Google Scholar searches. All peer-reviewed articles are posted to the ANR and California Digital Library eScholarship repositories.

Authors and reviewers. Authors are primarily but not exclusively from ANR; in 2010 and 2011, 23% were based at other UC campuses, or other universities and research institutions. In 2010 and 2011, 33% and 40% (respectively) of reviewers came from universities, research institutions or agencies outside ANR.

Rejection rate. The rejection rate has averaged 34% in the last 3 years. In addition, associate editors and staff may send back manuscripts for revision prior to peer review.

Peer-review policies. All manuscripts submitted for publication in *California Agriculture* undergo double-blind, anonymous peer review. Each submission is forwarded to the appropriate associate editor for evaluation, who then nominates three qualified reviewers. If the first two reviews are affirmative, the article is accepted. If one is negative, the manuscript is sent to the third reviewer. The associate editor makes the final decision, in consultation with the managing and executive editors.

Editing. After peer review and acceptance, all manuscripts are extensively edited by the *California Agriculture* staff to ensure readability for an educated lay audience and multidisciplinary academics.

Submissions. *California Agriculture* manages the peer review of manuscripts online. Please read our

Writing Guidelines before submitting an article; go to: <http://californiaagriculture.ucanr.edu/submit.cfm>.

Letters. The editorial staff welcomes your letters, comments and suggestions. Please write to us at the address below. Include your full name and address. Letters may be edited for space and clarity.

Subscriptions. These are free within the United States and \$24 per year abroad. Single copies are \$5 each. Go to: <http://californiaagriculture.ucanr.edu/subscribe.cfm> or write us. International orders must include check or money order in U.S. funds, payable to UC Regents. MasterCard/Visa/American Express accepted online.

Permissions. Articles may be reprinted provided that no advertisement for a commercial product is implied or imprinted. Please credit *California Agriculture*, University of California, citing volume and number, or complete date of issue, followed by inclusive page numbers. Indicate ©[[year]] The Regents of the University of California. Photographs in print or online may not be reprinted without permission.
