

## **Career Bibliography for Peter B. Goodell**

**5/24/11**

<b>Summary of UC CE Career Publications</b>	
	<b>Total</b>
A = Popular articles	154
B = Peer review journal	25
C = Peer review, other	33
D = Technical reports	84
E = Abstracts. Posters	16
<b>Total</b>	<b>312</b>

1. B Goodell, P.B. and H. Ferris. 1980. Graphic techniques for illustrating distribution data. *Journal of Nematology* 12:151-152.
2. B Goodell, P.B. and H. Ferris. 1980. Plant parasitic nematode distributions in an alfalfa field. *Journal of Nematology* 12:136-141.
3. B Goodell, P.B. and H. Ferris. 1981. Sample optimization for five plant parasitic nematodes. *Journal of Nematology* 13:304-313.
4. C Ferris, H., P.B. Goodell, and M. McKenry. 1981. General Recommendations for Nematode Sampling. Div. Ag. Sci. Leaflet 21234.
5. C Ferris, H., P.B. Goodell, and M. McKenry. 1981. Sampling for nematodes. *California Agriculture*. May June:13-15.
6. A Goodell, P.B. 1982. Egyptian Alfalfa Weevil Project. *Kern Crop Information*. January.
7. A Goodell, P.B. 1982. Computer Workshop Planned. *Kern Crop Information*. July.
8. A Goodell, P.B. 1982. Fall nematode sampling. *Kern Crop Information*. November.
9. C Goodell, P.B. 1982. Soil Sampling and Processing for Detection and Quantification of Nematode Populations for Ecological Studies. In: *Nematodes in Soil Ecosystems*. D.W. Freckman, editor.
10. D Kerby, T., and P.B. Goodell. 1982. Heat units as a basis for cultural control practices. Summary of the Proceedings of the Western Cotton Production Conference:10-13.
11. A Goodell, P.B., and Bentley, W. 1983. Lygus in 1983. *Kern Cotton*. May.
12. B Wilson, L.T., D. Gonzalez, T.F. Leigh, V. Maggi, C. Foristiere, and P. Goodell. 1983. Within plant distribution of spider mites in cotton. *Environmental Entomology* 12: 128-134.
13. D DeVay, J.E., R.H. Garber, G.S. Pullman, S.N. Smith, and P.B. Goodell. 1983. Epidemiological studies on Fusarium Wilt in cotton. Proceedings of the 1983 Beltwide Cotton Production Conferences: 17.
14. A Goodell, P.B. 1984. The Cotton Root Knot Nematode. *Kern Cotton*. March.
15. A Goodell, P.B. 1984. Presence/absence Sampling for spider mites. *Kings County Agronomy Review*. April.

16. A Goodell, P.B. 1984. The Western Flower Thrips: Friend, Foe, or Disinterested Bystander? *One-Page Information Sheets*. April.
17. A Goodell, P.B. 1984. Presence/Absence Sampling for Spider Mites. *Kern Cotton*. May.
18. B Zalom, F., P.B. Goodell, L.T. Wilson, W.W. Barnett, and W.J. Bentley. 1984. Degree Days: Their Calculation and Use of Heat Units in Pest Management. Div. Ag. Nat. Sci. Leaflet 21373.
19. D Lovatt, C.J., S.M. Streeter, N.V. O'Connell, D.L. Flaherty, M. Freeman, and P.B. Goodell. 1984. Phenology of flowering in *Citrus sinensis* cv Washington navel orange. Proceedings of International Society of Citriculture.
20. D Goodell, P.B., and B. Roberts. 1985. Implementation of a presence/absence sample method for spider mites in cotton. Proceedings of the 1985 Beltwide Cotton Production Conferences: 170-171.
21. A Goodell, P.B. 1986. Spider Mite Sampling and Evaluation in Cotton. *One-Page Information Sheets*. March.
22. A Goodell, P.B. 1986. California Red Scale Monitoring and Evaluation in Navel Oranges. *One-Page Information Sheet*. March.
23. A Goodell, P.B. 1986. Lygus Forecast for 1986. *One-Page Information Sheet*. March.
24. A Goodell, P.B. 1986. Cotton Bollworm – The pest to watch in late season. *One-Page Information Sheet*. August.
25. A Goodell, P.B. 1986. Details for using presence/absence sampling methods for spider mites in cotton. *One-Page Information Sheet*. March.
26. A Goodell, P.B. 1986. Nematodes in the Home Garden. *One-Page Information Sheet*. April.
27. A Goodell, P.B. 1986. Redworms as a bioassay tool for evaluating dispersion of a soil fumigant. *Kern Crop Newsletter*. March.
28. B Groutt, T.G., J.G. Morse, N.V. O'Connell, D.L. Flaherty, P.B. Goodell, M.W. Freeman, and R.L. Coviello. 1986. Citrus thrips (Thysanoptera: Thripidae) phenology and sampling in the San Joaquin Valley. *Journal Economic Entomology* 79:1516-1523.
29. A Goodell, P.B. 1987. Managing Pesticide Resistance in Pests: Common Questions and Answers. *One-Page Information Sheet*. March.
30. A Goodell, P.B. 1987. Expert Systems – What Are They? *One-Page Information Sheet*. March.

- 
31. A Goodell, P.B. 1987. Managing Lygus During Early Cotton Squaring. *One-Page Information Sheet*. January.
  32. A Johnson, S. and Goodell, P.B. 1987. Verticillium Wilt. *California Cotton Review*. Vol. 1:2-6. February.
  33. D Zelinski, L.J., T.A. Kerby, P.B. Goodell, L.T. Wilson, and R.E. Plant. 1987. Implementation of irrigation scheduling in the CALEX/Cotton program. Proceedings of the 1987 Beltwide Cotton Production Research Conferences: 486-487.
  34. D Wilson, L.T., R.E. Plant, T.A. Kerby, L. Zelinski, and P.B. Goodell. 1987. Transition from a strategic to a tactical crop and pest management model: Use as an economic decision aid. Proceedings of the 1987 Beltwide Cotton Production Research Conferences: 209-213.
  35. D Plant, R.E, L.T. Wilson, L. Zelinski, P.B. Goodell, and T.A. Kerby. 1987. CALEX/Cotton: An expert system based management aid for California cotton growers. Proceedings of the 1987 Beltwide Cotton Production Research Conferences: 203-205.
  36. D Morse, J.G, P.A. Phillips, P.B. Goodell, D.L. Flaherty, C.J. Adams, and C.J. Frommer. 1987. Monitoring Fuller rose beetle populations in citrus groves and egg mass levels on fruit. The Pest Control Circular No. 547.
  37. D Goodell, P.B., T.A. Kerby, L.J. Zelinski, L.T. Wilson, and R.E. Plant. 1987. Considerations in the implementation of a cotton production management program. Proceedings of the 1987 Beltwide Cotton Production Research Conferences: 213-214.
  38. A Goodell, P.B. 1988. Early Preventative Pest: Control Does it Pay? *California Cotton Review* 2:6-7. March.
  39. A Goodell, P.B. 1988. Computers in Pest Management. *One-Page Information Sheet*. March.
  40. A Goodell, P.B. 1988. Lygus Survey and Projection. *California Cotton Review*. 3:8-9. May.
  41. D Plant, R.E, L.T. Wilson, L. Zelinski, P.B. Goodell, T.A. Kerby, and F.G. Zalom. 1988. An integrated expert decision support system for farm management. Proceedings of the Second International Conference on Computers in Extension Programs. F.S. Zazueta, ed. 2:196-201.
  42. D Goodell, P.B. 1988. Cosmetic standards for fresh produce: Is it an impediment to improved pest management? Association of Applied Insect Ecologists. Bulletin 3 (2): 1,8.

- 
43. A Goodell, Peter B. 1989. Cotton Root-Knot Nematode: Sampling and Fumigation. *California Cotton Review*. January.
  44. A Goodell, Peter B. 1989. Section 18 Requested for Abamectin Miticide/Insecticide. *California Cotton Review*. January.
  45. A Goodell, P.B. 1989. Comparison of Commercial California Red Scale Lures in Standard Virgin Female Traps. *Kern Citrus*. March.
  46. A Goodell, P. B. 1989. Lygus and CALEX/Cotton Irrigation, Lygus, Mites. *California Cotton Review*. May.
  47. A Goodell, P. and Kerby, T. 1989. *California Cotton Review*. Vol. 12. August.
  48. A Kerby, T., Goodell, P., Bassett, D. and Vargas, R. 1989. *California Cotton Review*. Vol. 13. December.
  49. A Goodell, P.B. 1989. Heat Units, Their Calculation, and Their Use in IPM. *One-Page Information Sheet*. December.
  50. B Goodell, P.B., and H. Ferris. 1989. Influence of environmental factors on the hatch and survival of *Meloidogyne incognita*. *Journal of Nematology* 21(3):328-334.
  51. A Kerby, T., and Goodell, P.B. 1990. Production Decisions Based on Plant Data. *California Cotton Review*. 15:1-8. April.
  52. A Goodell, P.B. 1990. Reminders – Data Collection for CALEX. *California Cotton Review*. May.
  53. A Goodell, P. B. 1990. Irrigation problems, Weather Updates, Program Updates. *California Cotton Review*. Vol. 3, No. 4, Program Update 3.3.
  54. A Goodell, P.B. 1990. Tips on Pix. *California Cotton Review*. Vol. 3, No. 5.
  55. A Carter, L.M., Hoffmann, W.C., and Goodell, P.B. 1990. Nematicide Application Studies. A Progress Report. *California Cotton Review*. 14:3-4. November.
  56. A Goodell, P.B., and Bentley, W. 1990. Pink Bollworm in the SJV. *California Cotton Review*. 18:4-5.
  57. B Plant, R.E., T.A. Kerby, L.T. Wilson, L. Zelinski, and P.B. Goodell. 1990. Using knowledge based regression for forecasting in CALEX. *Artificial Intelligence Applications in Natural Resource Management* 4:66-72.

- 
58. C Hoffmann, M., L.T. Wilson, F. Zalom, R. Coviello, M. Murray, P.B. Goodell, and D. Rough. 1990. Trapping the tomato fruitworm in the San Joaquin and Sacramento Valleys. *California Agriculture* 44:5:33-35.
59. C Goodell, P.B., R.E. Plant, T.A. Kerby, J.F. Strand, L.T. Wilson, L. Zelinski, J.A. Young, A. Corbett, R.D. Horrocks, and R. Vargas. 1990. CALEX/Cotton: An Integrated Expert System for Crop Production and Management in California Cotton. *California Agriculture* 4:5:18-21.
60. D Goodell, P.B. and F.G. Zalom. 1990. IPM in California vegetable production. Preprint papers from the 200th meeting of American Chemical Society, Div. Environmental Chemistry Vol. 30(2):191-195.
61. D Goodell, P.B., T.A. Kerby, C. Ver Linden, J. Strand, R.E. Plant, L.T. Wilson, R. Vargas, and S. Johnson. 1990. Strategies for implementing an integrated expert system in cotton: Experience with CALEX/Cotton in California. Proceedings of the 1990 Beltwide Cotton Production Research Conferences. Pp. 100-101.
62. D Goodell, P.B., T.A. Kerby, and M. Keely. 1990. Influence of late season square removal on boll retention. Proceedings of the 1990 Beltwide Cotton Production Research Conferences. P.190.
63. D Goodell, P.B. 1990. What alternatives do we have for non chemical control of pests? Summary Proceedings of the 1990 Western Cotton Production Conference. P.41-45.
64. D Goodell, P.B. 1990. The role of regulation on IPM. Proceedings of the California Plant and Soil Conference, Fresno CA, February 1990: 94-100.
65. A Goodell, P.B. 1991. Lygus Bugs in Cotton. *California Cotton Review*. 20:3-5. June
66. A Leigh, T., Bentley, W., and Goodell, P.B. 1991. Grower Alert! Beware of Cotton Aphid – Avoid Sticky Cotton. *California Cotton Review*. 21:1-2.
67. A Goodell, P.B. 1991. Stink Bugs in Cotton. *One-Page Information Sheet*.
68. A Goodell, P.B. 1992. Cotton Root-Knot Nematode. *California Cotton Review*. 23:3-5. February
69. A Goodell, P.B. 1992. Lygus in 1992. *California Cotton Review*. 25:3-5 May
70. A Goodell, P.B. 1992. Cotton Insect Status. *California Cotton Review*. 26:4. July.
71. A Goodell, P.B. 1992. Economic Thresholds Revisited: Considerations for Practical Applications. *KAC Plant Protection Quarterly* 2:1-3. January.

- 
72. A Goodell, P.B. 1992. Useful References for Managing Pests in Organic and Transitional Cotton. *One-Page Information Sheet*. March.
  73. B Wilson, L.T., A. Corbett, P.J. Trichilo, R.E. Plant, and P.B. Goodell. 1992. Strategic and tactical modeling: cotton-spider mite agroecosystem management. *Experimental and Applied Acarology* 14:357-370.
  74. C Grafton-Cardwell, E.E., T.F. Leigh, W.J. Bentley, and P.B. Goodell. 1992. Cotton aphids have become resistant to commonly used pesticides. *California Agriculture* 46(4):4-7.
  75. C Goodell, P.B., and F.G. Zalom. 1992. The potential for integrated pest management in California vegetable production. In: *Successful Implementation of Integrated Pest Management for Agricultural Crops*. A.R. Leslie and G.W. Cuperus, editors.
  76. D Plant, R.E., T.A. Young, T.A. Kerby, and P.B. Goodell. 1992. Blackboard-based integration of multiple knowledge sources for crop management expert systems. *Proceedings of the IFAC Workshop on Expert Systems in Agriculture*: 24-29. International Academia Publisher.
  77. D Ostergaard, M.M., and P.B. Goodell, 1992. Delivering expert systems to agriculture: experiences with CALEX/Cotton. *Computers in agricultural extension programs Proceedings of the 4th International Conference, ASAE*. p. 676-681.
  78. D Goodell, P.B., T.A. Kerby, J.A. Young, and R.E. Plant. 1992. Plant based measurements for lygus bug management decision in cotton. *Proceedings of the 1992 Beltwide Cotton Production Research Conferences*. Pp 769-770.
  79. D Goodell, P.B., D.W. Grimes, S.R. Johnson, T.A. Kerby, R.E. Plant, J.F. Strand, and L.T. Wilson. 1992. CALEX/Cotton, User Manual. UC IPM Publication 8.
  80. D Goodell, P.B., K.E. Estil, and M. Assemi. 1992. Preliminary results of a two year survey of cotton root-knot nematode in the San Joaquin Valley. *Proceedings of the 1992 Beltwide Cotton Production Research Conferences*. P. 188.
  81. A Goodell, P.B. and T.A. Kerby. 1993. Managing Lygus using plant based measurements. *One page information sheet*. June 1993.
  82. A Goodell, P.B., C.G. Summers, L Godfrey, R. Coviello, W.J. Bentley, and P. Elam. 1993. *Bemisia tabaci* in the San Joaquin Valley. *UC Plant Protection Quarterly*. July/October 1993. Vol. 3: 3 & 4:2-5.
  83. A Goodell, P.B. 1993. Managing root-knot nematodes in organic cotton production. *One-Page Information Sheet*. September 1993.

- 
84. A Goodell, P.B., G. Montez, and J. Rasmussen. 1993. The whitefly BBS - An electronic coffee shop. *One-Page Information Sheet*. August 1993.
  85. A Trjapitzin, S.V., P.B. Goodell, and R.L. Peterson. 1993. Leafhoppers common to the west side of the San Joaquin Valley. *One-Page Information Sheet* (color). June 1993.
  86. A Kerby, T.A. and P.B. Goodell. 1993. Crop and pest update. *California Cotton Review*: May 1993. Vol. 30:5-6.
  87. A Kerby, T.A., D. Munier, and P.B. Goodell. 1993. Plant monitoring for improved cultural decisions. *California Cotton Review*. May 1993. Vol. 30:9-11.
  88. A Goodell, P.B. and D. Munier. Root-knot nematode in cotton. 1993. *California Cotton Review* March 1993. Vol. 32:5-7.
  89. A Kerby, T.A. and P.B. Goodell. 1993. A look back at 1992. *California Cotton Review* January 1993. Vol. 28:1-4.
  90. A Goodell, P.B. 1993. *Bemisia tabaci* in the San Joaquin Valley. *California Cotton Review*: Vol 31:4-5. September 1993.
  91. A Goodell, P.B. 1994. Whitefly situation report and population development information. *Whitefly Update*. October 1994. 4 pages.
  92. A Goodell, P.B. and L.D. Godfrey. 1994. Sticky cotton- The problem and its management. *California Cotton Review* September 1994. Vol. 34:5-6.
  93. B Goodell, P.B., J.F. Strand, and M.M. Ostergaard. 1993. Delivering expert systems to agriculture: Experiences with CALEX/Cotton. *AI Applications in Natural Resources Management* 7 (2&3):14-20.
  94. D Goodell, P.B., G. Montez, and D.L. Munier. 1993. Tolerance of approved Acala cottons to cotton root-knot nematode. *Proceedings of the 1993 Beltwide Cotton Production Research Conferences*. Vol. 1: 205-206.
  95. D Goodell, P.B. 1993. Integrated management of cotton nematodes in the irrigated west. *Proceedings of the 1993 Beltwide Cotton Production Research Conferences*. Vol. 1: 182-183.
  96. D Goodell, P.B. 1993. Sampling for Nematodes. In: *Cotton Nematodes: Your Hidden Enemies*. Beltwide Cotton Nematode Survey and Education Committee. Pp: 23-25.
  97. D Goodell, P.B. 1993. Cotton Nematodes. In: *Cotton Nematodes: Your Hidden Enemies*. Beltwide Cotton Nematode Survey and Education Committee. Pp: 1-3.

- 
98. A Goodell, P.B. 1994. Whitefly situation report and population development information. *Whitefly Update*. June 1994. 4 pages.
  99. A Goodell, P.B., W.J. Bentley, and R. Coviello. 1994. Lygus Management in 1994. *California Cotton Review* June 1994. Vol. 33:6.
  100. A Goodell, P.B. 1994. Useful degree day programs for pest management. *One-Page Information Sheet*. March. 1994.
  101. D Montez, G.H. and P.B. Goodell. 1994. Yield compensation in cotton with early season square loss. 1994 Proceedings of the Beltwide Cotton Production Research Conferences. Vol. 2: 916-919.
  102. D Jimenez, M.R.-Jr., S.D. Wright, P.B. Goodell, and R.L. Dunlap. 1994. Effect of early season cotton aphid on Acala cotton. 1994 Proceedings of the Beltwide Cotton Production Research Conferences Vol. 2:1191-1192.
  103. D Goodell, P.B. and G.H. Montez. 1994. Acala cotton tolerance to southern root-knot nematode, *Meloidogyne incognita*. 1994 Proceedings of the Beltwide Cotton Production Research Conferences. Vol. 1: 265-267.
  104. D Goodell, P.B. 1994. Plant monitoring as an insect management tool. 1994 Proceedings of the Beltwide Cotton Production Research Conferences. Vol. 1:189-190.
  105. D Goodell, P.B. 1994. The importance of being proactive in developing community based support: The case of silverleaf whitefly - An emerging pest management crisis. Proceedings 1994 California Plant and Soil Conference. Pp. 92-96.
  106. D Godfrey, L.D., P.B. Goodell, W.J. Bentley, C.G. Summers, T. Prather, and R. Coviello. 1994. Contribution of crops, weeds, and parasites to the abundance of silverleaf whitefly in the San Joaquin Valley. 1994 Proceedings of the Beltwide Cotton Production Research Conferences. Vol. 2:873-874.
  107. A Goodell, P.B. 1995. Grower-PCAs-Researchers Meet. *The Cotton Chronicle*, December 1995, Vol. V, No. 12: 2-4.
