

Pest Management Program Team meeting

Wednesday October 7, 2015; 3:30 – 5:00 pm

Sheraton Grand Sacramento

Purpose: to identify and begin prioritization of pest management-related UCCE academic position proposals in preparation of ANR's call, anticipated January 2016.

Draft Agenda

- 3:30 – 3:40: Welcome, introduction, and explanations – *Andrew Sutherland*
- 3:40 – 3:50: Review of 'Trends and Issues' and 'Academic Resources Maps' documents as well as UC ANR process for academic position proposals – *Andrew Sutherland*
- 3:50 – 4:50: Reports (5 – 7 minutes each) from Work Groups with regards to changes in trends, issues, and academic resources as well as proposed academic position needs. *It is possible that not all Work Groups will be represented by attendees. This session may evolve into a group discussion and will be facilitated and captured by trained ANR staff.*
 - Entomology – *Vonny Barlow and / or Larry Godfrey*
 - Desert – *Oli Bachie and / or Travis Bean*
 - Mosquito – *Greg Lanzaro*
 - Plant Pathology – *Brenna Aegerter and / or Allison Ferry-Abee*
 - Weed Science – *Steve Fennimore and / or John Roncoroni*
 - Nematology – *Becky Westerdahl*
 - Pesticide Use Reporting – *Minghua Zhang*
 - Spray Application Technology – *Franz Niederholzer*
- 4:50 – 5:00: Summary and synthesis – *Andrew Sutherland*
 - Action items will include identification of a 'shepherd' for each proposed position. Position proposals may also be prioritized by need, potential impact, UC support, stakeholder support, and other factors.
