GIRLS HEALTH PROJECT – LONE STAR 4-H – OPEN TO ALL CLUBS

Periods. We're talking about periods! Join us virtually at your art table & in your kitchen as we explore a girl's monthly cycle from a new perspective.

While often shrouded in a cloud of mystery & even shame, we'll be going "behind the scenes" to look at this 5th vital sign. Yup, vital sign! Back in 2015 the ACOG (American College of Obstetricians & Gynecologists) decreed that a girl's cycle is her 5th vital sign & indicator of health.

In this project we'll spend some time exploring the different phases of a cycle & how it plays into a girl's everyday health - in the way she feels, eats, exercises, & thinks. These incredible hormones really do impact so many aspects of our lives!

This program is not geared towards sex education but only body literacy as it pertains to female hormones & this 5th vital sign. There's a lot of taboo around this topic & it can be uncomfortable for some. But we're going to take that head on & address it together with sensitivity because this information is pertinent to healthy living.

We'll have 5 virtual meetings that will include art-making & time in the kitchen connected to our topic. The kitchen portion will be optional as we prepare & enjoy foods that support different cycle phases. Since this is all virtual, you'll be provided with a shopping list well in advance.

There is no age requirement for this class because the information is pertinent to girls whether they have started cycling or not, though younger girls will likely need assistance in the kitchen. Parents are always welcome to attend & participate in our meetings.

Project meetings will take place on Sunday afternoons from 2-3:30 on the following dates: October 18, November 15, January 24, February 21, & March 21.

Interested or have questions? Call or text Kristen Gilster at 559.325.4045

Hi-C will focus on developing your skills as a leader and discovering how those skills are applicable to your community.

At the end of the project, members will be able to confidently say "I am a problem solver" and now have the ability to follow through. Receive your Hi-C patch...Recommended for ages 13 and up.

4-H County Emerald Star

What is an Emerald Star?

Fresno County offers 4-H'ers the opportunity to earn an Emerald Star. The Emerald Star program is designed for intermediate and senior 4-H members ages 13 and up. The Emerald Star project's purpose includes:

1. Providing an opportunity for 4-H members to develop projects in their community or in 4-H beyond the club level.
2. Improving, creating, and expanding 4-H programs.

Helping individual 4-H members grow and improve in the areas of organization, leadership, and project planning. This program is designed to help youth learn about project planning, organization, and presentation. Typically, youth develop an action plan for some type of multi-county event. They then organize and facilitate this event. After completion and presentation of their project, they are awarded with the Emerald Star ranking. Those members wishing to apply for the "Homer Williams Scholarship" must have completed an Emerald Star Project. For more detail see the county website https://ucanr.edu/sites/4-H-Fresno/Youth_Members/Citizenship_and_Leadership/

Fall Tractor Supply Paper Clover

October 7 - 18, 2020

The fall Tractor Supply Paper Clover campaign is still going forward as in previous years.

As we did before, a percentage of funds raised in California will go towards the State Leadership Conference and counties will receive their share raised in their county to enable youth to participate in camp and leadership conferences.

This year, because of the COVID crisis, TSC is requesting no physical presence from 4-H programs at their stores, including outdoor spaces like parking lots. It is desirable that we set up display tables and exhibit examples of our great 4-H projects. We need displays at both Fresno and Clovis. Please contact Tracy Newton for arrangements of displays. tnewton@ucanr.edu (559) 970-3092
