YOUTH FOR THE QUALITY CARE OF ANIMALS– ARE YOU CERTIFIED?

All youth livestock program participants are required to obtain annual certification from the Youth for the Quality Care of Animals (YQCA) program. This requirement is mandated by the California Department of Food & Agriculture (CDFA) and the Division of Fairs & Expositions (F&E).

Certification can be obtained through online training or at an approved instructor led training. The YQCA certification is good for one year and only needs to be completed once annually regardless of the number of species shown.

Those not certified through this youth education certification program on the issues of animal welfare, food safety and character education are not eligible to participate at any California fair.

The Big Fresno Fair requires the YQCA certification to be completed at time of project entry as your certification number will be required as part of the online entry process. Entry deadlines will be available soon on the Fresno Fair website- <https://www.fresnofair.com/p/getconnected/livestock-exhibits>

ONLINE VS. INSTRUCTOR LED YQCA TRAINING

For both online and instructor-led training, you are required to register in advance on the <https://yqcaprogram.org/> website. Online training costs \$12 per exhibitor and may be completed at any time prior to entry deadline. If you are looking to save a little money, there are a number of instructor led trainings that are currently being offered here in the Valley, which will cost \$3 per exhibitor. Any of these trainings meet the requirements of the State and The Big Fresno Fair.

The Big Fresno Fair will be holding its own instructor-led trainings in May or June. More information will be posted as dates are secured.

- * Table of Contents

Section 2: Personal Development Record

- * Complete one Personal Development Report (PDR) form each year.
- * Already have a Platinum Star? New short version PDR is acceptable. See PDR section for more details.

Section 3: My 4-H Story

Section 4: Projects*

- * Senior members create a 4-H Resume that highlights their skills, leadership and civic engagement development throughout their 4-H career.

A Note about previous year's records:

All of your previous records can be inserted at the back of the current year's book, in reverse chronological order (that means by year and the year you started is in the back and you work forward to the current year in the front) or you can have a separate book for each year– the option is up to you. Some county competitions want to see all of your previous records– so be sure to find out what your county wants before you compete.

Sending to State Competition? Only submit the current year's records– don't send any previous year's records. The last section will be Section 7: 4-H Resume, there shouldn't be anything behind that.
