REQUEST FOR STATEMENTS OF INTEREST

NUMBER W9126G-15-2-SOI-0028

PROJECT TO BE INITIATED IN 2015

Project Title: San Clemente Island Botanical Program Implementation at NALF San Clemente Island, Naval Base Coronado, California

Responses to this Request for Statements of Interest will be used to identify potential investigators for a project to be funded by the U.S. Navy, which provides professional and technical support for its Environmental Program in order to facilitate compliance with the Endangered Species Act. Approximately \$335,000 is expected to be available to support this project. Additional funding may be available for follow on work in subsequent fiscal years to the successful Recipient/Awardee.

Background:

San Clemente Island (SCI) is part of the Navy's Southern California Range Complex, which serves as the principal Navy training venue in the eastern Pacific. SCI supports eleven species listed as endangered or threatened under the Endangered Species Act, including six federally listed plant species, and numerous endemic species whose distributions are limited to SCI or the Channel Islands. This project is needed to implement the San Clemente Island Botany Program by managing sensitive and listed species and the habitats on which they depend in compliance with Biological Opinion FWS- LA-09B0027-09F0040, San Clemente Island Military Operations and Fire Management Plan 2008 Naval Base Coronado.

Type of Award:

In accordance with the *Sikes Act* (Sec. 103A [16 USC 670c-1]) "the Secretary of a military department may enter into cooperative agreements with States, local governments, Indian Tribes, non-governmental organizations, and individuals," This project is in support of the Integrated Natural Resources Management Plan, as directed in the *Sikes Act*, and as a result, it is anticipated that a cooperative agreement through the CESU program will be awarded. Such awards may be administered through a CESU only upon mutual agreement and official authorization by both parties of the acceptance of the application of the CESU Network IDC rate (17.5%).

Note: Must be a non-federal partner in the CEU Unit to be qualified to be considered.

Brief Description of Anticipated Work:

The purpose of the anticipated work is to provide the following: (1) soil erosion monitoring and control; (2) seed collection, seed processing, seed storage, and plant propagation; (3) selection, out-planting, and maintenance of plant and wildlife habitat restoration sites using seed of native species collected on SCI; (4) sensitive plant species monitoring; (5) fire monitoring; (6) non-native plant species control; (7) associated tasks to manage sensitive and listed species on San Clemente Island; and (8) Collect vegetation data on the burned and unburned plots during the summer of 2015.

Period of Performance. The period of performance will be from the award date through 30 November 2018.

Materials Requested for Statement of Interest/Qualifications:

Please provide the following via e-mail attachment to: angela.zahid@usace.army.mil
(Maximum length: 2 pages, single-spaced 12 pt. font).

1. Name, Organization and Contact Information
2. Brief Statement of Qualifications (including):
 - a. Biographical Sketch;
 - b. Relevant past projects and clients with brief descriptions of these project;
 - c. Staff, faculty or students available to work on this project and their areas of expertise;
 - d. Any brief description of capabilities to successfully complete the project you may wish to add (e.g. equipment, laboratory facilities, greenhouse facilities, field facilities, etc.).

Note: A full study proposal and proposed budget are NOT requested at this time.

Review of Statements Received: All statements of interest received will be evaluated by a board comprised of one or more people at the receiving installation or activity, who will determine which statement(s) best meet the program objectives. Based on a review of the Statements of Interest received, an investigator or investigators will be invited to prepare a full study proposal. Statements will be evaluated based on the investigator's specific experience and capabilities in areas related to the study requirements.

Please send responses or direct questions to:
