

2024 UCCE Northern San Joaquin Valley Vineyard Irrigation and Nutrient Management Workshop

DESCRIPTION

We will have presentations from various experts and researchers on the best vineyard irrigation, and nutrient management practices in the San Joaquin Valley. You will learn the irrigation and nutrient requirements of young and mature grapes to ensure healthier vine development, better resource utilization, and more resilient vineyards in the face of climate change. Growers, CCAs, and other agricultural professionals are encouraged to attend. Workshop attendees can request one-on-one assistance from a farm advisor.
