### 2021 Date Palm Webinar Series

Thursdays: 4/1, 4/8, 4/22, 4/29, and 5/6  
10AM-12PM (PT)

**\$10 a session or \$35 for all five sessions**

[Register Today](#)

**Objectives:** This webinar series provides a virtual platform to learn about ongoing and upcoming issues and challenges in date production such as irrigation, pest, nutrition management and updates on current County and State laws and regulations. We will be offering one webinar session completely in Spanish, including a Laws & Regs talk. View detailed agenda here.

**Who Should Attend:** California and Arizona date producers/growers, PCA's, and CCA's that are currently in the date palm industry, native habitat managers from public and private lands, and urban ornamental tree growing and management sectors.

Organized by UCCE Riverside, San Deigo, and Imperial Counties, UCR, California Date Commission and ARS/USDA National Clonal Germplasm Repository for Citrus & Dates.

CEUS Pending  
CCA, CA DPR, ISA, and Arizona AZDA
