Job Title: ACAD PRG MGT OFCR 5

Job ID: 17295

Location: HOPLAND

Takes leadership role in independently managing and developing a large, complex academic or research program of high visibility. Develops vision and establishes agenda to achieve position objectives. Oversees all elements of program administration. Collaborates across multiple research groups. Provides leadership in identifying outreach services. Formulates program strategies and goals, directs long-term planning, and develops practices and methods. Defines and implements communications effort in support of the overall program.

This career (renewable term), position’s focus is on recruitment of new research to the Sierra Foothill and Hopland Research and Extension Centers (REC) by increasing awareness of the RECs, assisting existing researchers in award success, and potentially conducting their own research as part of a larger team of researchers at SFREC and HREC.

Time commitment will be split equally between both locations. Physical location is flexible with the expectation that the successful applicant will spend time at both centers. Up to 60% travel may be required.

This position is a career appointment that is 100% fixed.

Salary - Min $88,800/year to Mid $130,900/year

Job Posting Close Date - This job posting will close on 05/06/2021.

About Us

Since 1914 UC Cooperative Extension has been the bridge between local issues and innovative answers through the power of UC research.

Our advisors, specialists, faculty, and staff are committed to these principles:

- Connecting Californians to their University
- Being a leader to bring science-based solutions
- Providing information that is trustworthy and not biased
- Providing research that is practical to use
- Addressing the local concerns of communities
- Inviting the participation of all concerned stakeholders
- Serving where private industry cannot or will not

UC ANR's work makes a difference in the lives of all Californians.
