Prescribed Burn Association

2nd Informational Meeting

Join University of California Cooperative Extension (UCCE) and the Southern Sierra Prescribed Fire Council for the 2nd informational meeting on developing local Prescribed Burn Associations (PBA) in our area.

A PBA is a group of landowners and other concerned citizens that form a 'partnership' to conduct prescribed burns. PBA members pool their knowledge, skill, manpower and equipment to help each other conduct prescribed burns.

Open to interested individuals and agencies in Mariposa, Merced, Madera, Fresno, and Tuolumne counties. The meeting will continue conversations about the development of a regional Prescribed Burn Association. There will be further discussion on how other regions have started PBA's and what steps need to be taken moving forward.

Topics Covered:

- Introduction to Prescribed Burn Associations
- Burn Windows
- Starting a PBA
- Discussion on formation of PBA
- Next Steps

Wednesday, August 26, 2020

10:00 am to 12:00 pm
