Event Details

THURSDAY, DECEMBER 8, 2022
8:00AM - 4:30 PM

Farm Hub/Farm Bureau Conference Room
420 S Broadway, Escondido, CA 92025

click or scan for
REGISTRATION

Early Registration - **\$60** (until 11/27)

Late Registration - **\$75** (until 12/05)

DESCRIPTION:

In this workshop, participants will learn the current status, regulations, assistance programs, and management of nitrogen, irrigation, pests, diseases, and weeds in organic production. We will also discuss the organic production of specific crops such as avocados, citrus, and berries. Sessions will have group instruction followed by discussions to allow participants the opportunity to ask questions and discuss their particular questions.

Growers, CCA's, PCA's and other agricultural professionals who are interested in learning about organic agriculture are encouraged to enroll.

A networking lunch with technical/ funding assistance providers and program information also available.

PRESENTATION TOPICS:

- ▶ Overviews of Organic Production in San Diego County and California
- ▶ Lessons from the Field (Growers Panel Discussion on Organic Production Challenges)
- ▶ Nitrogen Management in Organic Production
- ▶ Weed Control Alternatives for Organic Production
- ▶ Soilborne Disease Control in Organic Strawberries and Vegetables
- ▶ Updates on Regulatory Issues for Organic Production
- ▶ Insect Pest Management Options for Organic Production Systems
- ▶ Water and Irrigation Efficiency as Tools to Grow Healthy Plants
- ▶ Mulching and Compost Effect on Good Soil Quality and Health
and more...

**DOWNLOAD
FULL AGENDA**
