#####		First Morrill Act passed	President Lincoln signs the Morrill Act, which establishes "Land-Grant" colleges dedicated to agriculture and the mechanical arts. The act paves the way for future legislation, culminating in the creation of the nation-wide Cooperative Extension system in 1914. Justin Smith Morrill was a representative (and later a senator) from Vermont whose first land-grant bill had been passed in 1859 but was vetoed by President Buchanan.	http://okeecho-bee.ifas.ufl.edu/Master%20Gardeners/MorrillStamp.gif	USPS	Vermont Congressman Justin S. Morrill

x 1913		Humboldt State University founded		https://upload.wikimedia.org/	Wikimedia Commons	
1913		California's Agricultural Extension Service is created	UC Berkeley's College of Agriculture creates the Division of Agricultural Extension. The college's dean appoints Bertram Hanford Crocherson to organize California's Agricultural Extension Service, which is now known as Cooperative Extension.	http://farm9.staticflickr.com/8414/8861953991_73066cb742_z.jpg	UC Circular No. 166, August 1917	Photo from a 1917 University of California circular that Crocherson authored
1913		Humboldt County organizes first farm bureau in California	In order to appoint a UC (Cooperative) Agricultural Extension farm advisor, Humboldt farmers organize to form a farm bureau -- the first county in California to do so. The farm bureau's main task is to assist the farm advisor.	http://farm9.staticflickr.com/8272/8863343790_aebbb56caf_z.jpg	UC Circular No. 118, June 1914	

7/1/1913	California's first Agricultural Extension farm advisor, Andrew H. Christiansen, is appointed to Humboldt County	A year before the Smith-Lever Act creates the nation-wide Agricultural Extension Service, Andrew H. Christiansen, who grew up on a Ferndale dairy farm, becomes the first Agricultural Extension farm advisor in Humboldt and in California. At the time, Humboldt County has 850 dairy families and 28,000 dairy cows.	http://cehumboldt.ucdavis.edu/files/167049display.png	The San Francisco Call, August 3, 1913
10/19/1913	Farm advisor is a "good sort of community investment" in Humboldt	J.L. Grayson, editor of the Farm Development page of the Humboldt County Times, Andy Christiansen, the new Agricultural Extension Farm Advisor, is doing an exceptional job: "I wish every farmer in the county could have heard [Christiansen's advice] and would put into practice these things the college experts have been finding out about soil and crop	http://farm6.staticflickr.com/5335/8861955205_5d763a442b.jpg	UC Circular No. 118, June 1914
10/29/1913	The first Cooperative Extension 4-H club in California is formed in Arcata	4-H Clubs are formed in Ferndale and Fortuna the next day. Agricultural clubs organized by UC in the early 1900s evolved into today's 4-H program.	http://cehumboldt.ucdavis.edu/files/166652display.jpg	UCCE Humboldt

1914		1,534 farmers in Humboldt County	Humboldt has 1,534 farmers, each owning over 300 acres of land. According to Andy Christiansen, the county's Extension Farm Advisor, farmers get about 12 tons of carrots and about 15 tons of beets per acre, but could double their yields if they lime their soil and learn better cultivation and handling methods. (Source: B.H. Crocheron, UC Circular No. 112,	http://farm9.staticflickr.com/8411/8864929634_156cec0d90.jpg	Ferndale Museum	Hay cutting on a Humboldt farm in the early 1900s
5/8/1914		The Smith-Lever Act is passed, establishing the nation-wide Cooperative Extension Service	On the eve of World War I, President Woodrow Wilson signs the Smith-Lever Act into law. "Cooperative agricultural extension work" receives federal, state, and county funding, which gives rise to the nation-wide Cooperative Extension Service. Cooperative Extension acts as a bridge between land-grant universities and farmers, providing information, demonstrations, advice, and	http://farm3.staticflickr.com/2870/8862725183_27bff444a5_z.jpg	Bancroft Library, UC Berkeley	
7/28/1914	11/11/1918	World War I	Reports from B.H. Crocheron, the Director of UC Cooperative Extension, reflect the demand for increased agricultural productivity during the war. 9/30/1918		Humboldt ranks 2nd in the state for butter production	According to the State Dairy Bureau, Humboldt produced 5,717,406 pounds of butter that year. (Source: "Cows and Co-operation Make Humboldt Hum," Pacific Rural Press, January 11, 1919)	http://ichef.bbc.co.uk/food/ic/food_16x9_608/foods/b/butter_16x9.jpg	BBC	
12/1/1918		Humboldt farm advisor successfully carries out campaigns	Over the year, the farm advisor visited 563 farms, received 1,118 calls, and traveled 14,457 miles. The farm advisor assisted in the management of 50 orchards and tested soil for acidity on 127 farms, and 200 farmers used lime at the farm advisor's suggestion. The farm advisor also helped dairy farmers offer balanced diets to their dairy cows, had 49 of his crop rotation recommendations implemented, and helped farmers plant alfalfa, corn, and seed potatoes. In addition, the farm advisor tested 259 cows for TB and vaccinated	http://farm9.staticflickr.com/8136/8862564702_506b1d4a95_z.jpg	UC Circular No. 133, July 1915	
1/11/1919		"Cows and Co-operation Make Humboldt Hum"	An article in the local paper praises the cooperation between dairy farmers, the Humboldt Dairymen's Association, the Ferndale Cow Testing Association, and the Cooperative Extension farm advisor for "encouraging better and more productive dairy herds and the more economical farming of the dairy lands." (Source: Pacific	http://cehumboldt.ucdavis.edu/files/167053display.png	Pacific Rural Press	

1920		Purple vetch growers in Humboldt organize	"About 150 tons of purple vetch seed were threshed this year from a little over 300 acres. This fall 2000 acres are being seeded on a two-year contract under auspices of the Humboldt County Farm Bureau....Present plans are to increase the acreage planted to purple vetch in Humboldt county to 8,000 for the harvest of 1922. A fair yield from this...will supply the demand from citrus growers for cover crops." (Source: Pacific Rural Press, Volume 100, Number 25, 18 December 1920 — Significant	http://ucanr.org/sites/asi/db_images/CCrop_images/Vol4/Img0073.jpg	UC ANR Cover Crops Database	Purple vetch
1920		Women's suffrage	The 19th Amendment to the US Constitution is passed, giving women the right to vote.	http://upload.wikimedia.org/wikipedia/commons/thumb/c/c	Wikimedia Commons	Women suffragists in 1913
1920		Half of Humboldt's dairies leased	By 1920, 52% of Humboldt's dairies are leased, predominantly by Portuguese immigrants. (Source: Ralph Newman, "Up-to-Date Dairying in Humboldt," Pacific Rural Press, January 10, 1920)	http://farm4.staticflickr.com/3689/8863334018_2fa6eb07c1_c.jpg	Ferndale Museum	Ferndale in the early 1900s
