

## Coffeeberry

*Rhamnus californica*

Groundcover to large shrub depending on varieties.

Attractive dark green foliage with berries turning from green to red to black as they mature from spring to late fall. Inconspicuous flowers.

**Suggested varieties:** 'Eve Case' (smaller shrub form with large berries); 'Seaview Improved' (groundcover); 'Mound San Bruno' (very adaptable larger shrub)

**Other:** Prefers good drainage. Not deer resistant. Some summer water inland. Habitat plant for birds and other wildlife.
