

## How will you get involved in the UC Marin Master Gardener Organization?

***Our mission is to educate the public about home horticulture, pest management, and sustainable practices. You'll learn much more about all the volunteer opportunities to help meet this mission if you become a Marin Master Gardener. For now, please help us get a better idea of where your interests lie by indicating which three areas interest you the most.***

### **Providing educational events, workshops, and presentations**

- Speak to the public at libraries and other venues
- Organize outside speakers

### **Putting your hands in the dirt**

- Work at our demonstration gardens in San Rafael, Tiburon, and Novato
- Propagate California native plants

### **Working with children**

- Teach kids about habitats
- Be part of Farm Day
- Become a consultant for School and Community Gardens

### **Participating in big events**

- Help set up the Master Gardener exhibit or be a docent at the Marin County Fair
- Take part in Ember Stomp to display fire-smart landscaping strategies
- Help at plant sales: Tomato Market, Succulent Sale, Pollinator Plant Sale

### **Offering one-on-one help to Marin gardeners**

- Visit homeowner gardens to provide advice on saving water
- Solve pest and disease problems at our Help Desk

### **Being a Master Gardener ambassador**

- Staff a booth at the Farmers' Market

### **Spreading the word about home horticulture, pest management, and sustainable practices**

- Write newspaper and e-newsletter articles
- Send out social media posts
- Create videos that demonstrate Earth-friendly gardening principles
- Help keep the Marin Master Gardener website up-to-date
