

2011 TOMATO DESCRIPTIONS, Page 1

VARIETY	DAYS	DESCRIPTION	PRICE
<p>AUNT RUBY'S GERMAN GREEN</p> 	<p>80 Days Indeterminate Large Green Heirloom</p>	<p>A sweet, juicy large beefsteak type tomato from with a spicy, aromatic flavor that is a pale green color with a hint of yellow striping and a red blush. The large 12- 16 oz., slightly flattened tomato has the wetness of a melon and can give a deep flavor explosion—fruity sweet and slightly spicy taste. It is generally used in salads, but is also a wonderful tomato to fry.</p>	<p>4</p>
<p>BIG BEEF</p> 	<p>70 Days Indeterminate Large Red Hybrid</p>	<p>Vigorous vines ripen big 4-6 inch globe shaped tomatoes earlier than other varieties of this size. The 9-16 oz. firm, crack-resistant tomatoes have a wonderfully sweet, slightly acid flavor and produce over a long time. Stores well.</p>	<p>4</p>
<p>BOX CAR WILLIE</p> 	<p>80 Days Indeterminate Large Red Heirloom</p>	<p>This old prolific heirloom variety, named after the King of the Hoboes, delivers beautiful and delicious 10-12 oz. smooth red tomatoes. Very prolific over a long season, it is well suited for use as a "main crop" tomato. These excellent tasting tomatoes are very juicy, dependable, tasty, and abundant throughout the season. Box Car Willie is a high yield tomato and a great all-purpose kitchen tomato or sliced on a sandwich. The plant is disease resistant and its fruit is crack resistant.</p>	<p>5</p>

<p>BUSH EARLY GIRL</p> 	<p>65 Days Determinate Compact Heirloom</p>	<p>“Little sister” to Early Girl, this variety will surprise you with its huge yields on such small plants. Extra large, extra early tomatoes grow on a true bush and have a good flavor. Fruit is nearly 4” across, and the plants are amazingly compact, only 18” tall. Gardeners in short-season areas should be sure to try this one, which has even more disease resistance than the original.</p>	<p>4</p>
<p>CELEBRITY</p> 	<p>70 Days Determinant Medium Red Hybrid</p>	<p>Vigorous, disease resistant, high yield and exceptionally flavorful fruit make Celebrity tomato a winner for gardeners. This mid-early variety will produce under a broad range of conditions. Great flavor in firm, 8-oz. crack-free fruits, perfect for salads. Performs well in almost every region and under adverse conditions. Good blight tolerance and foliage cover. 1984 All America Selection winner.</p>	<p>4</p>
<p>CHEROKEE PURPLE</p> 	<p>80 Days Indeterminate Purple Heirloom</p>	<p>Plant produces high yields of 6 to 12 oz purplish pink, slightly flattened tomatoes with green shoulders. Tomatoes have a sweet, rich flavor and are good for slicing. Grown over 100 years by the Cherokee Indians.</p>	<p>4</p>

<p>CHOCOLATE CHERRY</p> 	<p>70 Days Indeterminate Maroon Cherry Hybrid</p>	<p>The skin is an attractive shade of port wine and chestnut. Plant produces 1-inch round fruit nonstop, in clusters of eight. The flavorful tomatoes are crack resistant and hold very well on the plant. They can be picked several days before completely mature and allowed to ripen off the vine without sacrificing quality. Excellent for gourmet dishes and vegetable platters.</p>	<p>4</p>
<p>EARLY GIRL</p> 	<p>60 Days Indeterminate Medium Red Hybrid</p>	<p>Our earliest slicing tomato, Early Girl is a tomato that gardeners have relied on for many years. These smooth red-skinned, meaty 4 to 6 oz. fruits are ready in just 60 days. Plants are disease resistant, heavy-bearing and vigorous.</p>	<p>4</p>
<p>ISIS CANDY</p> 	<p>73 Days Indeterminate Red/Yellow Cherry Heirloom</p>	<p>This delightful variety produces yellow/gold cherry tomatoes with red marbling. Marbling varies from a red blush to extensive streaking inside and out. What is consistent, however, is the sweet taste that is also rich, fruity, and delicious. Tomatoes are about 3/4 inch across and are round to oblate in shape. Very productive plants bear throughout a long season.</p>	<p>4</p>

<p>JAPANESE BLACK TRIFELE</p> 	<p>85 Days Indeterminate Black, Pear-shaped Heirloom</p>	<p>Pear-shaped fruit has green-streaked shoulders, deepening to a nearly black base—one of the darkest varieties of tomato available. The meaty interior has similar, opulent shades and an incomparable, complex and rich flavor to match. The fruit reach 2 ½” - 3” long and wide and are very crack-resistant. Despite the name, this tomato originated in Russia. Potato-leaved plants.</p>	<p>4</p>
<p>JUBILEE</p> 	<p>72 Days Indeterminate Yellow Heirloom</p>	<p>This plant produces high yields of large, golden-yellow beefsteak tomatoes, excellent for making tomato juice and canning. Also good in salads and cooking. The fruit has a mild, non-acid flavor and few seeds. Heavy yields. Jubilee is an All American Selections winner from 1943.</p>	<p>4</p>
<p>LEGEND</p> 	<p>68 days Determinante Red Heirloom</p>	<p>This tomato is recognized as an early maturing slicing tomato, great for salads and canning. It produces short, bushy regular-leaf tomato plants that yield early, bearing 14-16 ounce fruit. The uniform 4-5 inch smooth, round, blemish-free, glossy red tomatoes have wonderfully delicious sweet flavors that are balanced well with just the right amount of acidity. Fruit has very few seeds. Blight resistant.</p>	<p>4</p>

<p>LIME GREEN SALAD</p> 	<p>58 Days Determinate Green/Amber Early Season Hybrid</p>	<p>Small plants that produce abundant sprays of round, lime-green tomatoes that ripen further to an amber color. Fruits are 3 – 5 oz., chartreuse inside, full of juice and a luscious, tangy flavor.</p>	<h1>4</h1>
<p>MATINA</p> 	<p>58 Days Indeterminate Red Heirloom</p>	<p>This very early variety from Germany bears loads of 2 to 4 oz. red fruit with terrific flavor normally found only in a huge beefsteak. The fact that its fruit is ripe up to a full month earlier than many beefsteak varieties makes Matina really special. Potato-leaved plants on large clusters of abundant tomatoes. Starts early, and continues to produce fruit throughout a long season.</p>	<h1>4</h1>
<p>MORTGAGE LIFTER</p> 	<p>80 Days Indeterminate Large Pink Heirloom</p>	<p>This huge heirloom beefsteak averaging 2 1/2 pounds consistently wins taste-tests. Mild, sweet flavor with pink skin. Developed in the 1930's by a gardener who planted the four biggest varieties he knew, and crossed one with pollen from the other three. He did this for six seasons and created a variety that produced immense, tasty fruit. He sold the plants for \$1 each and paid off his mortgage in six years.</p>	<h1>5</h1>

2011 TOMATO DESCRIPTIONS, Page 6

<p>NEW BIG DWARF</p> 	<p>75 Days Determinate Red Late Season Heirloom</p>	<p>This variety is wonderful in the garden and also in containers since the plant stays small (growing to about 2 feet in height) while delivering large and delicious tomatoes. Fruit grow up to one pound, more typically 8 – 12 oz.) We consider this an heirloom tomato as it was created before 1915 by crossing the Ponderosa and Dwarf Champion varieties. Fruit is deep pink to red in color.</p>	<h1>5</h1>
<p>OAXACAN JEWEL</p> 	<p>85 Days Indeterminate Yellow/streaked Heirloom</p>	<p>This beautiful tomato bears fruit that is golden yellow with ruby streaking, earning this variety its name. Fruit varies in size from 6 ozs. to one pound, and is extremely beautiful whole or when sliced to reveal the brilliant red marbling within. The rich, fruity taste is refreshing and melon-like.</p>	<h1>4</h1>
<p>SAN MARZANO REDORTA</p> 	<p>78 Days Indeterminate Red, Plum-shaped Heirloom</p>	<p>The Redorta is larger than the other San Marzano cultivars, with a better taste. They are good enough to eat right off the vine but are best known as being a superb old Italian paste tomato. The fruit has an excellent tomato taste and is great for sauces and canning, and the San Marzano Redorta has a bonus of producing more tomato paste per plant than the other San Marzanos. Plants are large and vigorous, sturdy and well branched.</p>	<h1>4</h1>

2011 TOMATO DESCRIPTIONS, Page 7

<p>SILETZ</p> 	<p>70 Days Determinate Red Heirloom</p>	<p>Flavor-packed red tomatoes, nearly seedless. Siletz is one of the most reliable slicing tomatoes you can grow. Vigorous plants do very well in cooler climates producing flavorful tomatoes, 8 – 10 oz. An early bloomer.</p>	<p>4</p>
<p>STUPICE</p> 	<p>52 days Indeterminate Red Heirloom</p>	<p>This 1-2 oz. tomato ripens red and slightly oval. Its 2-inch fruit makes an excellent choice for salad and juicing. Consistently gets high marks for taste throughout the summer. This potato-leaf heirloom from the Czech Republic is a cold-tolerant tomato that won first place for its wonderful sweet/acid tomato flavor in a comparative tasting in the San Francisco area.</p>	<p>4</p>
<p>SUN GOLD</p> 	<p>60 Days Indeterminate Gold Cherry Hybrid</p>	<p>One of the best varieties of cherry tomatoes. The Sun Gold ripens to produce heavy yields of golden cherry tomatoes, with a very sweet flavor. This tomato is popular in all climates as it produces in warm and cold conditions. Fruit matures quickly, and crops heavily. One of the sweetest tasting cherry tomatoes on the market!</p>	<p>4</p>

2011 TOMATO DESCRIPTIONS, Page 8

<p>SUN SUGAR</p> 	<p>62 Days Indeterminate Gold Cherry Hybrid</p>	<p>The ultimate in cherry tomatoes, this golden yellow beauty achieves a new level of sugar-sweetness and flavor, superb texture, and a tangy "true tomato" taste. Fruits are a lovely golden yellow with thin skins – which is remarkable, considering its wonderful crack resistance, even in heavy rains. Heavy early cropper. Very vigorous - can be grown outdoors or indoors in an unheated greenhouse in cold climates.</p>	<p>4</p>
<p>SUPER SWEET 100</p> 	<p>65 Days Indeterminate Red Cherry Hybrid</p>	<p>This is a home gardener favorite that has more disease resistance than Sweet 100 while keeping the same fabulous taste. Small round 1 oz. cherry tomatoes are deliciously sweet with a high Vitamin C content. Long clusters of fruit load up on tall, vigorous plants and continue to bear until frost.</p>	<p>4</p>

Selection Tip: when choosing varieties, keep in mind that “determinates” ripen over 3-4 weeks on bushy vines that usually need no staking. “Indeterminate” vines continue to grow and produce fruit all season until frost. The large vines need support.
