Analysis

ATM cards are used at an Automated Teller Machine to withdraw cash, make deposits, and to obtain other account information. Debit cards do everything ATM cards do, plus they can be used at places of business to purchase goods.

Synthesis

Does the teen address most of the following account fees?

- Does the institution charge simply for having the account (monthly service fee)?
- Is there a cost for writing too many checks (per check fee)?
- Is there a cost to have checks made (check printing fee)?
- Does the institution charge for using an ATM (ATM use fee)?
- What does it cost to stop payment on a check (stop payment fee)?
- How much does the institution charge for a bounced check (insufficient funds penalty)?

Evaluation

- Does the teen provide logical reasons and explanations for their response?
