It is September and the fresh, crisp apples are calling us. Apple pie is a standard for Thanksgiving, Christmas and Holiday dinners, which can be some of our busiest times. How wonderful it would be to make pies in a flash.

Come to the Apple Pie in a Jar class and learn how to preserve the filling in a jar, ready to be placed in a crust and baked.

You will go home with a jar to make a pie and try it out. Come join us Saturday September 16 from 10 am to 2 pm.

Bring an apron and be ready for this hands on class. A light lunch will be served.
