

# ONBOARDING & ORIENTATION GUIDE

A complete onboarding experience promotes positive working relationships that help new employees gain confidence and promptly become productive. It increases overall engagement, retention, and performance through understanding of and connection to the job, the program or unit, and UC ANR. Onboarding is your first opportunity as a supervisor to set expectations and goals and introduce your new employees to the people and resources that will contribute to performing their jobs effectively and advancing their careers at UC ANR.
