About CATTLEMEN'S UPDATE

The University of Nevada Cooperative Extension (UNCE) and the College of Agriculture, Biotechnology and Natural Resources (CABNR) with financial support from the USDA Risk Management Agency, and local sponsors, will host the 2019 Cattlemen's Update at locations across Nevada. The Cattlemen's update is an annual educational program designed to provide cattle producers' current information about important management practices and issues that may affect the efficiency, productivity, profitability and sustainability of their businesses.
