

Irrigated Pasture Field Day

This event is designed for irrigated pasture managers looking to enhance productivity and forage quality. This interactive field tour will cover a variety of topics important to pasture managers in Sierra Valley:

- **Forage and Soil Quality**
- **Seed Varieties to Enhance Productivity**
- **Drill Seeding**
- **Pest and Invasive Weeds**
- **Grazing Management**
- **Case Study Site Visits:**
 - **Drill seeding with limited irrigation**
 - **Drill seeding with ample irrigation**

August 21, 2024
9:00 am – 11:00 am
Sierra Valley

FREE Registration!
