

Sudden Oak Death public events Fall 2019

SOD Blitz Results Meeting

At this meeting, local and statewide results of the spring 2019 SOD Blitz Survey will be made public. We will present a detailed update on the status of infestations, including areas previously thought to be uninfested. Treatment and new diagnostic options will also be presented.

Tuesday, November 12, 2019 from 6-8pm

UCCE Cooperative Office, 133 Aviation Blvd #109, Santa Rosa

REGISTER HERE: ucanr.edu/2019SODBlitzResultsMeeting

SOD Training Workshops

Attend one of these workshops to learn about the biology, history, regulations, control, and new diagnostics for SOD and other *Phytophthoras*. These workshops are primarily aimed at tree care professionals, government and NGO employees, and managers and docents of open space districts, parks, and educational programs. ISA CEUs applied for.

Monday, November 18, 2019 from 10am-3pm,

UCCE Cooperative Office, 133 Aviation Blvd #109, Santa Rosa
