Watch carefully for walnut Husk Fly. We caught 2 female WHF today 8/11 one with eggs suggesting a third spray application in this particular orchard . Every orchard is different so use good traps in high catch locations and monitor traps frequently. The walnut Husk Fly CD (UC 6567D) is available for review .

Additional Pest management information plus twilight temperatures are available at the UC IPM website including a day degree calculator. <http://www.ipm.ucdavis.edu>.
