The 4-H bird project helps youth explore different types of birds from across the globe. This project may also help youth learn about the types of birds that fit into their family’s lifestyle and how to be an excellent caretaker of your pet. Birds may include

- Identify different bird species and their characteristics.
- Learn about the selection, care, needs of birds, and basic principles of bird behavior.
- Demonstrate care and management in feeding, handling, grooming, and fit-

</table>
- Gather information and determine the best bird for a family.
- Learn about proper care, grooming, and feeding.
- Create a plan to prevent birds from getting lost and/or finding it.
- Purchase and use appropriate grooming equipment and techniques.
- Plan a training and exercise program for a bird.
- Prepare for participation in a bird show.
- Make a decision about breeding or not breeding.
- Compare labels on bird food to make an informed decision on content and price.
- Keep a diary of a bird’s health and eating hab-
- Develop a business plan for a bird care or sitting business.
- Assess careers related to birds and bird business.
- Help a friend make a decision about bird ownership.
- Research diseases in birds.
- Identify symptoms and a course of action for a disease in a bird.

The activities above are ideas to inspire further project development. This is not a complete list.
## Expand Your Experiences!

### Science, Technology, Engineering, and Mathematics
- Research the nutritional needs of your bird(s) and compare to nutritional needs of humans and other animals.
- Teach the basics of wildlife photography.
- Discuss migration paths and trail marking using GIS technology.

### Healthy Living
- Discuss the necessity and practice of washing your hands before and after handling your bird.
- Discuss your bird’s life expectancy, what to look for when they get older, and how

### Citizenship
- Use the confidence obtained through shows and expos in all aspects of life.
- Volunteer with an animal rehabilitation program that also accepts birds.
- Work with an environmental refuge to help build animal preserves.

### Leadership
- Present to community groups about the information learned though the project.
- Become a role model for others by taking the position of junior/teen leader in your project.

### Connections & Events

<table>
<thead>
<tr>
<th>Presentation Days – Share what you’ve learned with others through a presentation.</th>
<th>Field Days – At these events, 4-H members may participate in a variety of contests related to their project area.</th>
<th>County &amp; State Fair - Enter your animal(s) and show the judge what you have learned! Contact your county 4-H of-</th>
