

Mentoring School-age Youth 9-11

Situation	Possible Reason for Misbehavior	Immediate Action	Future Prevention Strategy
<p>The children have been building bird feeders. Larry is already finished with his feeder. Now he is wandering around the room keeping the other children from finishing their feeders.</p>			
<p>The children are engaged in snail activities. Joe starts throwing snails at the other kids, making the girls scream.</p>			
<p>Lakisha and Amanda are setting up a board game. You hear them argue about who will go first.</p>			
<p>The children are playing kickball. You suddenly realize that they are running late to go to the computer lab. You stop the game and tell them that it's time to go inside. Jason, who usually enjoys going to the lab, gets angry and yells, "I don't want to go to the stupid computer lab! I want to stay outside playing!"</p>
