

4-H SHOTGUN SHOOTING PROJECT

Shooting sports teach youth a respect for firearms, help them develop discipline, and shotgun in particular encourages conservation of wildlife and habitats through the hunting aspect of the project.

- Practice safe firearms handling at all times.
- Learn how humans affect wildlife areas.
- Develop team building skills.

4-H THRIVE

Help Youth:

Light Their Spark

A spark is something youth are passionate about; it really fires them up and gives them joy and energy. Help youth find how this project excites them.

Flex Their Brain

The brain grows stronger when we try new things and master new skills. Encourage youth effort and persistence to

Reach Their Goals

Help youth use the GPS system to achieve their goals.

Goal Selection: Choose one meaningful, realistic and demanding goal.

Pursue Strategies: Create a step-by-step plan to make daily choices that support your goal.

Shift Gears: Change strategies if you're having difficulties reaching your

Reflect

Ask project members how they can use their passion for this project to be more confident, competent and caring. Discuss ways they can use their skills to make a contribution in the

Starting Out *Beginner*

- Understand the six fundamental steps to firing a shotgun.
- Know the parts of a shotgun and how they work.
- Identify whether or not a shotgun is loaded.
- Recognized range commands.
- Learn the important pieces of safety equipment.

Learning More *Intermediate*

- Identify the components of shotgun ammunition.
- Know the necessary pieces of equipment and methods for cleaning a shotgun.
- Demonstrate how to properly store and transport your shotgun.
- Identify types of wildlife and basic hunting practices.

Exploring Depth *Advanced*

- Identify errors in shooting form.
- Learn how to score a competition.
- Be able to properly fit a shotgun to the shoulder.
- Recognized different shotgun accessories and their functions.
- Understand choke function and affects.

The activities above are ideas to inspire further project development. This is not a complete list.

Expand Your Experiences!

Science, Technology, Engineering, and Mathematics

- Write a report on hunting endangered wildlife and how this is controlled.
- Create a presentation on the types of shotguns and how they are different.

Healthy Living

- Teach others the health benefits of spending more time outside.
- Create a team building exercise involving shooting exercises.

Citizenship

- Organize a cleanup of a wildlife area.
- Volunteer during a shooting competition.
- Find a local marksman’s club and visit a meeting or event.

Leadership

- Become a role model for others by taking the position of Junior or Teen leader.
- Encourage others to join the shotgun project.
