Purpose
The Justice, Equity, Diversity and Inclusion (JEDI) Advisory Committee is comprised of diverse, driven individuals who want to make changes in their communities that are aligned with promoting diversity and inclusion on all levels. The committee will consist of a diverse and representative group of community members, program partners and collaborators to discuss ways to better serve multicultural and diverse populations in the UC ANR 4-H Youth Development Program (YDP).

The purpose of this committee is to ensure diversity, equity, and inclusion goals are implemented in the 4-H Youth Development Program (YDP), and to help youth gain access to the skills they need to spearhead change and stimulate equity.

In alignment with the UC 4-H Strategic Plan 2018-2028, the goal of the committee is to: ensure all youth have access and opportunities to be involved in high-quality programs; ensure 4-H is inclusive to all members of the community, and increase the racial and ethnic diversity of 4-H.

The 4-H JEDI Advisory Committee promotes a youth-adult partnership approach and collaborates with the Diversity in Youth Development workgroup and provides support for the Youth Taskforce.

Youth Task Force:
Youth/Adult Partnerships and providing youth with leadership and civic engagement opportunities are essential for Positive Youth Development (PYD). This committee will ensure that youth, particularly youth who are BIPOC (Black, Indigenous, & People of Color), LGBTQ+, marginalized youth, or youth who want to learn about and create equity are given opportunities to do so within our 4-H Youth Development Program. The committee will also ensure youth are provided a space where they can talk about their experiences on how to overcome racism and other isms. The youth taskforce will be a place where youth can address inequities and discrimination and ensure we are building capacity in our program and among young people to address racial equity, diversity, equity, inclusion, and participate in social justice and civic engagement opportunities. The Youth Task Force will be youth-led with the support and guidance of the 4-H JEDI Advisory Committee and other supportive adults. To ensure communication between both committees, one adult and one youth will have a dual assignment between the Multicultural, Equity and Community Engagement Committee and the Youth Taskforce.
