

Effective 01/18/23

State 4-H Shooting Sports Coordinators

Each year, the National 4-H Shooting Sports Committee reviews both the National 4-H Shooting Sports Championship Rules and Regulations as well as the Minimum Standards and Best Management Practices of a 4-H Shooting Sports Program. Decisions to edit are based on the safety and education of our youth as well as the integrity of the 4-H program. In keeping with our long-standing philosophies of not participating in simulated combat sports nor shooting at humanoid targets the committee has implemented a new minimum standard, listed below.

Any firearm built or modified to give the distinct impression of a modern military style firearm such as an AR or AK is not allowed in the 4-H Shooting Sports Program. Listed below are visual examples of, but not limited to, firearms that resemble those not allowed.
