

Project Learning Tree Certification

Environmental Educator Training

Become a Project Learning Tree certified educator

Through our engaging professional development workshop, formal and non-formal educators alike can investigate topics with indoor & outdoor activities adaptable to all ages. Receive multi-disciplinary, hands-on lessons aligned with state and national academic standards, including the award-winning K-8 Environmental Education Guide. These lessons are customizable to all ages and audiences and can be used right away in your own classroom, program, or at home. No experience needed: teachers, naturalists, parents and anyone interested is welcome. Participants can receive 1 Continuing Education Unit through Cal State San Marcos for an additional nominal fee.

UC prohibits discrimination or harassment of any person in any of its programs or activities. (Complete nondiscrimination policy statement can be found at <https://bit.ly/2M3DG62>)
