

UCNFA Ask the Advisor: Nitrogen Management

Do you have questions about nitrogen fertilizer application, types of N fertilizers, nutrient management, and measurement/reduction in runoff? Are you interested in hearing how fellow growers are responding to issues in their operations?

Join us for a panel Q&A session with Drs. Don Merhaut, Bruno Pitton, and Gerry Spinelli who will respond to grower questions about nitrogen use in greenhouse and nursery production. Registration is required to join the Zoom call.

Date & Time: 3/2/2022, 10-11 AM PST

Cost: Free!

Registration:

<https://surveys.ucanr.edu/survey.cfm?surveynumber=36644>

CEU's: 1.0 INMP & CCA CE units offered

Participants will be entered in a drawing to win a UCCE book: *Greenhouse and Nursery Management Practices to Protect Water Quality*.

This event is sponsored by the UC Nursery and Floriculture Alliance ucnfa.ucanr.edu, and the Plant California Alliance, www.plantcalifornia.com
