## Common Pests in Greenhouses & Nurseries

Ask the Advisor  
Online Panel Series

Are you a grower who deals with thrips, mites, mealybugs, aphids, scale and plant hoppers? Join us for our first event of the season where Drs. Daniel Hasegawa, Eric Middleton, Kirsten Pearsons, and Chris Shogren, will offer short talks about emerging research for the industry. This will be followed by a Q & A session where the panelists will offer respond to your questions and offer guidance on identification, management and control of common pests.
