The poster features a large, stylized almond tree with white blossoms in the center. To the right of the tree is a vertical dotted line with small red dots at each location name. At the bottom right, there is a small red car icon. The background is a gradient of yellow and orange, suggesting a field or valley.

# Zoning Code Updates

- In 2014, the County updated its existing zoning code to comply with the 2030 Countywide General Plan that encourages rural tourism in the agricultural areas
- Since that time, the County has made minor annual edits to the Agricultural Zones to ensure accuracy and consistency

# Recent changes

- In 2016, the Board of Supervisors directed staff to consider further changes to some of the agricultural commercial uses, such as large event centers and bed and breakfasts, primarily to distinguish non-farming uses from those commercial uses that are ancillary to existing agricultural operations.

# Existing ag operations enhanced by a commercial use

# Existing commercial uses in the ag zones
