**CHANCELLORS  
LABORATORY DIRECTOR WITHERELL**

Dear Colleagues:

We are writing to address recent federal developments that increase the University of California's risk associated with engagements with Huawei. Our offices worked closely with the campus Vice Chancellors for Research to develop the attached "University of California's Systemwide Restrictions on Engagements with Huawei" document that outlines the University of California's approach.

The document outlines a UC Systemwide moratorium on any future engagement with Huawei; the cessation of all pending projects, gifts, purchases or other engagements with Huawei; best practices for winding down existing agreements; and management of risks associated with engagements with Huawei's U.S. subsidiary.

As this is an evolving landscape, we will continue to monitor it carefully.

Respectfully,

Arthur B. Ellis  
Vice President  
Research and Graduate Studies

Alexander A. Bustamante  
Senior Vice President  
Chief Compliance & Audit Officer
