 - Review the [criteria](#) for advancement associated with your title in the E-Book.
- Start-up Funds:**
 - Per system-wide policy, academics have 3 fiscal years to use their start-up funds. However, it may actually be less depending on their start date.
 - For example, if an academic's hire date is 3/1/2015 then it would look like this:
 - 03/01/2015 – 06/30/2015 = fiscal year 1
 - 07/01/2015 – 06/30/2016 = fiscal year 2
 - 07/01/2016 – 06/30/2017 = fiscal year 3
 - In this example, the academic has 27 months to spend their start-up funds.
 - If an academic has not spent the funds within that time period, they should contact the Vice Provost of Cooperative Extension well before that final June date and request an extension AND provide a plan on how they will spend the money. There are restrictions on what they can spend the money on, so they should talk with their supervisor.

THE 6TH THROUGH 12TH MONTH

- Begin needs assessment

THE 12TH THROUGH 24TH MONTH
