A Division of Planning Budget & Administration

DATE: April 16, 2023

TO: All Campus Departments

FROM: Bobbi McCracken
Assoc. Vice Chancellor-Business & Financial Services and Controller

SUBJECT: Impact23 Cutover and Fiscal Closing Dates for June 30, 2023

With the implementation of Oracle Budget, Oracle Financials, Kuali, Concur Phase2 and remediation of various other system, this year's Fiscal Closing process will have a different schedule from past years with the additional goal of resolve outstanding issues in FY23 to enable a successful transition to our new financial systems under the new Chart of Accounts (COA). For the campus at large, closing procedures will be completed with the June Preliminary (Period 12) Ledgers. In order to achieve this schedule, it is extremely important that the cutoff dates contained in this letter be strictly followed. In addition to meeting the cutoff dates, the following actions must be taken in each campus department:

- Assist with a smooth transition to the new financial systems by focusing on the following transactions to post no later than the May ledgers:
 - Clearing deficits on contracts and grants (determine if a pre-award authorization is required)
 - Closing out expired contracts and grants with surpluses or deficits
 - Identifying salary posting errors and preparing salary cost transfer requests
 - Preparing salary cost transfers to clear fund 69993 and resolve any other outstanding balances
 - Finalizing all PERM budget adjustments
 - Completing approved TEMP adjustments to contracts and grants
 - Submitting all pending PAMIS-BEAs
- Ensure all outstanding invoices can be paid promptly by:
 - Marking goods and services as Okay to Pay as soon as received and verified
 - Addressing all requests for PO Correction and PO Escalation requests from Accounts Payable
- Continue to promptly reconcile and certify your monthly ledgers through the Ledger Reconciliation and Storage System (LRSS) to identify errors and initiate corrections as soon as possible. See campus policy Campus Policy Number 200-97.

- Ensure your unit has a minimum of two PCardholders. The use of Pcards will be required during the transitions from eBuy to Oracle; and as part of the on-going Oracle procurement strategy.
- Ensure your unit's travelers have applied and been issued the Corporate T&E card. The use of the Corporate T&E card will minimize traveler's out of pocket expenses while the campus transitions from Concur using FAU to Concur using COA.
- Review FAUs provided to campus recharge providers for re-occurring charges. Translate FAU to COA now for FY2024 charges to ensure accuracy and to minimize adjustments/corrections in the new fiscal year.
- Treat the April (Period 10) ledgers like Preliminary ledgers. If transactions are not on the ledgers, research them and make sure that they will be processed in time to appear on the May (Period 11) ledgers.
- Ensure all material financial transactions for FY2023 are processed by the June (Period 12 ledgers). Material transactions not recorded by the Period 12 cutoff and related to FY2023 business must be communicated to the Accounting Office for accrual/deferral consideration as soon as possible. To determine whether a transaction is material for reporting purposes, UCR has established the following criteria:
 - The goods and/or services are received in FY2023, but the expense is not reflected on the 6/30 campus ledgers (expense accrual).
 - Revenue is received in FY2023 for services to be conducted in FY2024 (revenue deferral).
 - Payment for goods /services in FY2023 with expected benefit in FY2024 (expense deferral)
 - Services are performed in FY2023, but not billed (revenue accrual).
 - Individual transactions should be evaluated for accrual/deferral based on the dollar thresholds listed below.
 - As soon as the item is identified, the accrual/deferral should be communicated to the Accounting Office. For FY2023, the following materiality threshold will be used:
 - ✓ \$100,000 – July 1 to August 28
 - *Accruals/deferrals submitted by the July 5th cut-off will be reflected on the Period 12 ledgers*

The remainder of this letter addresses specific fiscal year-end cutoff dates; however, it is each organization/department/unit's responsibility to ensure FY2023 transactions are appropriately reflected in the ledgers. Questions should be directed to the responsible office indicated after each heading. The dates appearing in the left-hand margin represent "deadlines" which must be observed to ensure completion of the specific closing tasks. The deadlines are summarized in Attachment A in due date order. Attachment B provides a list of contacts by area of responsibility. Additionally,

Appendix C provides a summary of Impact23 data conversion and dates various systems will be unavailable while the campus transitions to our new financial applications and Chart of Accounts.

Please email fyclose@ucr.edu if there are circumstances or conditions that have not been addressed in this letter.

Thanks in advance for your attention and cooperation in accomplishing the many tasks associated with achieving a successful closing of UCR's fiscal year 2022/2023 and implementation of Impact23 systems.
