

ANR ADMINISTRATIVE HANDBOOK SECTION 215
PHOTOGRAPHIC, VIDEO AND AUDIO RECORDINGS
APPENDIX B
IMAGE AND/OR AUDIO RECORDINGS NOTIFICATION

As a best practice, when ANR will make image and/or audio recordings of its programs and program participants, it generally advises attendees. This is done by posting a reasonably visible sign/notice similar to the example below. Such notices are best kept brief and to the point. Having adequately informed the reader of the situation, ANR should avoid making additional comments telling the reader what they should do in response, e.g., “Keep out of the camera’s gaze,” “Tell the photographer to exclude you,” etc.
