

UC Master Gardeners of Trinity County present:

## Working with Soil Workshop

**Date**

Saturday October 26, 2024

**Time**

10:30 AM - 12:30 PM

**Location**

Young Family Ranch  
260 Oregon St, Weaverville

**Cost**

Free

**Contact**

UCCE Trinity County  
530-623-3746

In this workshop, there will be lecture, demonstrations, and hands-on practice on:

- How to identify soil type
- How to test soil pH and nutrients
- Types of soil amendments & How to use them
- How to mix your own potting soil from local materials

Healthy soil is fundamental for healthy plants and helps reduce disease and pests. Both outdoor and indoor soil will be discussed in this workshop.

Participants are encouraged to bring gloves and soil samples for testing. Please dress according to the weather as part of the workshop may be outdoors.

*This free workshop is sponsored by the University of California Cooperative Extension.*

University of California Agriculture & Natural Resources (UC ANR) is an equal opportunity provider.
