CFIP
California Forest Improvement Program

Mary Huggins, RPF #2507
Forestry Assistance Specialist
Proudly Serving Amador, El Dorado, Alpine, Sacramento, Nevada, Yuba, Placer, Sierra, and Sutter Counties
The purpose of the California Forest Improvement Program (CFIP) program is to encourage private and public investment in, and improved management of, California forest lands and resources.

This focus is to ensure adequate high quality timber supplies, related employment and other economic benefits, and the protection, maintenance, and enhancement of a productive and stable forest resource system for the benefit of present and future generations.

The CFIP can provide eligible landowners with technical and financial assistance for planning, reforestation and resource management investments that improve the quality and value of forestland. Under current State law, CFIP can help with rebuilding forest, soil, water, fish and wildlife resources to meet our future needs for a healthy environment and productive forest and woodlands.
The California Forest Improvement Program-CFIP

- Cost share program that will reimburse landowners up to 75% of the cap cost for allowable activities.
- Reimbursement up to 90% on projects where forestland has been damaged by a catastrophic event (e.g., wildfire).
- Current CFIP funding/staff levels up considerably over past levels (TRFRF, Cap & Trade funds).
  - FY 2015-- $2,950,000 for CFIP cost share grants
  - FY 2016-- $3,465,000 for CFIP cost share grants
  - FY 2017-- $3,450,000 for CFIP cost share grants (tentative until state budget is signed)
The California Forest Improvement Program-CFIP

Allowable activities include:

- Management Plan Development
- RPF Supervision
- Site Preparation
- Reforestation
- Tree Shelters
- Pre-commercial Thinning
- Pruning
- Release
- Follow-up
- Habitat Improvement/Land Conservation/Wildlife/Fisheries
- “Fuels treatment”- PCT + follow up + pruning
High Speed Rail Authority
Reforestation Fund

• CAL FIRE has received $2.4 million from the High Speed Rail Authority for CFIP projects involving reforestation only.

• These projects authorized only for CFIP projects involving management plan preparation, RPF supervision, site preparation, trees and planting, follow-up slash disposal, and land conservation practices (if related to reforestation).

California Forest Improvement Program (CFIP)

From 1980 to 2003, CFIP helped to pay for planting 51,391 acres, but over the last 10 years, CFIP has planted less than 3,000 acres.

CFIP Eligibility

- Landowners must have 20 acres minimum, 5,000 acres maximum of forestland in CA.
- Must be nonindustrial private forestland that can support at least 10% native tree canopy.
- Landowner must agree to keep non-TPZ land in a compatible use (i.e., no conversion), and in forest management for a minimum of 10 years. Must record Land Use Addendum with County Recorder.
- $50,000 maximum project cost. Projects costing more must be approved by your CAL FIRE Forestry Assistance Specialist.
CFIP Eligibility

• Land must be zoned for Timber Production (TPZ) and/or for uses compatible with forest resource management.*

• Land in Agricultural Preserve (Williamson Act) also qualifies.

• Properties with Conservation Easements qualify if no restrictions on forest management practices are placed on it.

* Most qualify unless prevented by homeowner association Covenants, Conditions, and Restrictions (CC&Rs)
CFIP Eligibility

- Can not be used to complete requirements of other State programs (i.e., Timber Harvesting Plans, PRC § 4291 fire clearances).

- Eligible practices must comply with established rates.

- Requires the RPF and CAL FIRE Forestry Assistance Specialist (FAS) to work with the landowner.
CBFP Eligibility

- Eligible land owners include
  - Individual or married landowners
  - Multiple related or unrelated landowners
  - Corporations, LLC, legal partnerships
  - Public entities, agencies, non-profits
  - Trusts
  - Multiple contiguous small landowners applying together to form a >20 acre project.
The California Forest Improvement Program

To get started:

• Contact a Forestry Assistance Specialist (FAS) in your region to confirm eligibility.

• Complete an application to the program.

• Contract the services of a Registered Professional Forester to plan treatments, write management plan, project description and supervise work.

• Submit a completed Project Agreement package
The California Forest Improvement Program

To do work:

• Have a completed and CAL FIRE approved Management Plan for the entire property. (RPF)

• Complete and submit to CAL FIRE the Environmental Checklist along with all other requirements. (RPF)

• Completed RPF check list (Related to RPF supervision work)

• Land Use Addendum recorded at County when practices are invoiced (Landowner)
Summary Points

- CFIP is a great tool for landowners who qualify and have the ability to pay up-front for the costs of work.
- CFIP is NOT strictly a dead tree removal tool but can be used to remove beetle killed trees when replanting and slash disposal are part of the project under certain conditions. Your CAL FIRE Forestry Assistance Specialist must be consulted to determine eligibility in these instances.
- To get started, landowners must engage an RPF and contact one of our Forestry Assistance Specialists.
