Julia Tidball, Superintendent

March 20, 2020

Dear Families,

Many of you heard Governor Newsom's announcement last evening that the entire state of California is on a "Stay at Home" order. What does this mean for MTUESD? Our schools' staff are considered to be essential employees and we are mandated to continue providing our students with learning opportunities and meals. As a result, we will continue our planned Drive Through Meal Program beginning Monday, March 23. At both school sites, Monday-Friday, a lunch for that day and a breakfast will be provided for the following day for any child, 18 years and younger. **Children must be visible in the car in order for meals to be provided. Please stay in your car and meals will be handed to you by a staff member.**

We need your help. Due to our limited staffing, we will only provide hard copies of the Distance Learning packets to those families without devices or internet at home. Packets will be available Monday-Friday at each school site between 11:00-1:00 at the meal Drive Through. **We encourage our students and families to explore the Online Distance Learning opportunities by grade level at <http://student.mtuesd.org/>.**

As you know, things are changing rapidly in our state due to COVID-19. We will provide you with informational updates as soon as they become available. Please know that our staff is committed to continuing the caring service to our students during these trying times.

Thank you,

Julia Tidball
Superintendent
