

4-H

Arts and Crafts Proficiency Program

A Member's Guide

OVERVIEW

The 4-H Arts and Crafts Proficiency program helps you learn what you need to know about your 4-H project. Your project leader will assist you in setting and achieving your goals. Through your project, you will acquire an understanding of the principals of artistic design; color, space, line, design, texture, and space. You will also learn how to make good use of your leisure time in constructive activities as well as learning to make useful, artistic items.

There are many resources to help you learn more about your project:

- The University of California Davis has free resources available online by visiting: <http://anrcatalog.ucdavis.edu/4HYouthDevelopment/> This site lists a variety of project materials and resources recommended for use in your project.
- The Tehama County 4-H Resources and Lending Library at our county 4-H Office includes other books, videos, and reference materials that can be checked out by members and leaders.
- Check to see if there are organizations in your community that conduct educational activities and shows. Local artists can be an excellent source of help and information.

There are five levels in the Project Proficiency Program. You may choose how many levels you wish to complete:

- ◆ Level I – “Explorer”, you begin to learn about many different aspects of your craft.
- ◆ Level II – “Producer”, you practice and refine the many skills involved in your craft area.
- ◆ Level III – “Consumer”, you become an experienced producer of your arts and crafts area.
- ◆ Level IV – “Leader”, allows you to show your own leadership potential.
- ◆ Level V – “Researcher”, you carry out a demonstration or experiment on some aspect of arts and crafts, and prepare a paper or portfolio.

As you work through the proficiency program, your leader will date each skill item as you complete it. When all items in a proficiency level are completed, your leader will sign the Certificate of Achievement.

ARTS AND CRAFTS

Level I - Explorer

Date
Completed

Project: _____

- ____ 1. Name some safety precautions to observe when using; a glue gun, iron, hammer, saw, scissors/other sharp tools

ARTS AND CRAFTS

Level III - Consumer

Date
Completed

Project: _____

1. Report on the history of one aspect of your project. (origin, equipment, technique, etc.)

2. Visit one craftsman in your area, either as a group or on your own. Discuss what you saw and learned.

3. Describe four ways to save money and be economical in obtaining materials.

4. Invite a guest speaker to one of your meetings. Be ready to introduce him or her by telling who the person is, what kind of work they do, their accomplishments, education or training.

5. Make a project that uses three different techniques and three different materials or types of equipment.

6. Keep a record of costs, cash expenses, time and labor charges for each product made. At the completion of the specific item, compare your products value to the total expense.

7. Explain a chemical or physical reaction or interaction that will occur if you use the wrong materials together.

8. Keep a personal reference library of literature that will be helpful in your project. Share some ideas you found with the group.

9. Alone or with your group, plan and complete a community service activity related to your project.

10. Use two different techniques to create a greeting card.

11. Visit an art museum, show or gallery, either alone or with your group. Discuss what you liked and disliked.

12. Make at least two advanced art or craft projects. Share them with your club.

13. Give a demonstration about your project at Presentation Day or other 4-H event.

14. Show your project(s) at a fair, art show, or 4-H event.

15. Teach another group or an art/painting class either alone or as a group.
