

4-H

Dog Obedience Proficiency Program

A Member's Guide

OVERVIEW

The 4-H Dog Obedience Proficiency program helps you learn what you need to know about your 4-H project. Your project leader will assist you in setting and achieving your goals. Through your project, you will acquire an understanding of the principles of dog handling, obedience, and working on and off a leash.

There are many resources to help you learn more about your project:

- The University of California Davis has free resources available online by visiting: <http://anrcatalog.ucdavis.edu/4HYouthDevelopment/>. This site lists a variety of project materials and resources recommended for use in your project.
- The Lassen County 4-H Resources and Lending Library at our county 4-H Office includes other books, videos, and reference materials that can be checked out by members and leaders.
- Check to see if there are any local dog groups or organizations in your community that conducts educational activities and dog shows. Local breeders are excellent sources of help and information.

There are five levels in the Project Proficiency Program. You may choose how many levels you wish to complete:

- ◆ Level I – “Explorer”, you begin to learn about many different aspects of dog obedience.
- ◆ Level II – “Producer”, you practice and refine the many skills involved in a Canine Good Citizenship Certificate.
- ◆ Level III – “Consumer”, you become experienced in on and off leash work.
- ◆ Level IV – “Leader”, allows you to show your own leadership potential.
- ◆ Level V – “Researcher”, you carry out a demonstration or experiment on some aspect of Dog Obedience, and prepare a paper or portfolio.

As you work through the proficiency program, your leader will date each skill item as you complete it. When all items in a proficiency level are completed, your leader will sign the Certificate of Achievement.

DOG OBEDIENCE
Level I - Explorer

Date
Completed

(Sub Novice – all work is done on leash)

- _____ 1. Explain how to choose an appropriate training (choke) collar.
- _____ 2. Explain how to choose an appropriate leash.
