4hOnline Introduction

The 4-H Youth Development Program (4-H YDP) is in every county in California. 4-H is an organization where young people are given opportunities to build confidence, learn responsibility, and develop skills that will last them a lifetime. It's an organization where youth make friends and share interests, ranging from building robots to raising rabbits, signing web pages to landscape design. 4-H is where youth work together to make a positive difference in their community, and adult volunteers make a powerful difference in the lives of young people. Get involved in the 4-H community and make a lasting difference! Find more information about 4-H at www.ca4h.org the California 4-H Website.

4hOnline is a fully integrated program management system that brings together all levels of the 4-H experience. Whether it's a member logging in to manage their record, a unit organization adult volunteer printing mailing labels, or a county 4-H YDP staff approving a member's enrollment, 4hOnline brings the 4-H community together and keeps everyone involved.

The California 4-H Youth Development Program has implemented the 4-H Online enrollment process to help address the concerns of reduced 4-H YDP staff support in many of the county offices and to modernize the capabilities of 4-H in providing quick response to our clientele. 4hOnline is designed to allow 4-H members and adult volunteers to enroll on-line while maintaining contact with their club and county through the certification process. The integration of 4hOnline, the club and county are not removed from the enrollment process, but instead, are provided the time saving of not having to enter re-enrollment information every year. Re-enrollment can be renewed quickly online with minimal paper forms.

The collection of statewide enrollment data is managed in the Office of the Associate Vice President—Programs. Each county Cooperative Extension office is responsible for conducting proper enrollment procedures. Enrollment data provides a record of participation and shall be used to report program participation to ANR and USDA. Enrollment data may also be used in the evaluation of the 4-H YDP. Enrollment procedures vary depending on delivery mode and program category.

All 4-H members must annually complete enrollment forms or be listed on group enrollment forms. Data from these forms are incorporated into the 4-H computerized enrollment system. The member's parent or guardian must sign enrollment forms. 4hOnline families who use the system will be able to use e-signatures to enroll.

Each county must report enrollment annually to the Associate Vice President—Programs. County Cooperative Extension offices are responsible for maintaining enrollment data on all participants. 4hOnline is the statewide reporting software for the 4-H YDP. 4hOnline is used to report all participation in a 4-H program delivery mode or category.

4hOnline Terms

To use this guide and to work with the program it's important to learn some terms and concepts about the system. The following terminology will help explain some of the functions of the 4hOnline system:

Family Accounts: 4hOnline groups enrollments within a "Family Account." One family account is created to enroll youth and adults within that family. **ALL RE-ENROLLING FAMILIES ALREADY HAVE AN ACCOUNT.** *A new one should not be created.*

Login: To obtain access to information, a user must log into the system to obtain access, and then log out when the access is no longer needed. To log into the 4hOnline program you will need your email address and your password.

Usernames & Passwords: The username is the family email address. In order to log into the system or create a new family account, a valid email address must be used. Each family account must have a unique email address; they cannot be shared with any other family accounts. If a VEC enters data with paper enrollment into the 4hOnline system for families who do not have internet access, an email is not required. Passwords may be changed once you are logged into the system. Usernames & Passwords are Case Sensitive & require passwords to have 8 characters minimum.

Email: Electronic mail, often abbreviated as email or e-mail, is a method of exchanging digital messages. To setup a profile and enroll in California 4-H YDP an email address is required. janedoe@hotmail.com or johndoe@gmail.com are examples of email addresses. If a VEC enters data with paper enrollment into the 4hOnline system, for families who do not have internet access, an email is not required.

Club Passwords: Each Club has its own password, which is required to access the club information. The password is available from the 4-H office and can only be given to volunteers (VECs) that have been given access to the club account.

Roles: There are four roles that users can login to the 4hOnline system. Each role has different grades of authority.

1. Family - the basic role that most users will have. This will allow them to set up a profile with general demographic information and enter youth or adult enrollments.
2. County - all county 4-H YDP staff members will most likely use this role. They will have access to their county profiles, clubs, and groups.
3. State – Will have full access to all county information
4. Admin - For the designers and programmers.

Dashboard: The dashboard is the term used to describe the area where the various functions that sit atop the main page. The goal of the dashboard is to automatically give a user quick access to the main functions of 4hOnline. The buttons include:

Confirm members: This icon leads you to the page where all new or re-enrolled members and volunteers need to be approved by county staff members when an enrollment is pending. Before a member is considered active, Clubs then Counties must confirm the member.

Members: This icon leads you to the page where all active members and volunteers will be listed. 4hOnline uses the term for both members and adult volunteers.

Search: This page allows you to search for members and adult volunteers. When Members and Volunteers enroll there are various categories that we use including.

- Active - All forms have been submitted, Club has approved and County office has approved.
- Incomplete - Member or Volunteer has not completed the 4hOnline process.
- Pending - Member or Volunteer profile is waiting to be approved by Club or County office.
- Inactive - Member or Volunteer no longer active in the 4-H program.

Reports: A powerful function where many different types of reports may be generated. Some types of reports include:

Filters: In many of the search and report functions are options called filters. These filters allow the user to instruct the system to concentrate on certain criteria such as male or female, member or volunteer. Since most counties have hundreds if not thousands of records the filters allow users specific commands to find information

4hOnline Terms continued

faster.

Project Alias: Each county may create project titles for their projects. The UCCE 4-H Office is responsible for adding and maintaining aliases for project titles in 4hOnline. These project titles are called aliases because they are associated with the state project list. For example if a county has a specific project such as “Advanced Culinary Arts”, it would need to be associated with the state project most like the specific project, in this case it would be “Foods and Nutrition”.

Groups: California 4-H Youth Development (4-H YDP) engages youth in developmentally appropriate educational programs and activities that are organized through a variety of delivery modes. The deliveries are categorized and reported according to the degree of UC 4-H YDP involvement and intended outcomes of the experience. Some experiences may last an hour and others multiple years. Youth engaged in 4-H educational activities are enrolled individually or by group. Individual enrollment consists of an enrollment form, waiver of liability, and other forms completed by the participant. Group enrollment is recorded by the adult in charge of the activity and provided to the County 4-H Office. The UCCE 4-H Office is responsible for adding and maintaining groups in 4hOnline.

4hOnline VEC How To: What is Submitted to the 4-H Office

After confirming members and volunteers, and any paperwork enrollments are entered, turn in the following to the 4-H office ASAP:

FOR MEMBERS THAT COMPLETED PAPER ENROLLMENT PACKETS:

- Enrollment Form with youth and parent/guardian signatures (page 5 & 6)
- Waiver of Liability (page 8)
- Parent Consent for Online Record Book (ORB) (page 7)

FOR VOLUNTEERS THAT COMPLETED PAPER ENROLLMENT PACKETS:

- Enrollment Form with Signatures (page 5 & 6)
- Waiver of Liability (page 9)
- Volunteer Self Disclosure (page 11)

All Request for 4-H Program Fee Waiver/Reduction Forms (if applicable), must be turned into the 4-H Office.

Keep Medical Forms and provide copies for each Project Leader. Medical forms should be on hand at all club and project meetings. DO NOT SUBMIT ENROLLMENT FEE PAYMENT at this time. Clubs are billed twice a year.

The 4-H Club Enrollment Log (see below) is no longer submitted to the 4-H office. Use it only for your club's record keeping.

* This form is for Club Leaders and VEC's to use and keep in club enrollment files. This form does not need to be turned into the 4-H Office.

4hOnline VEC How To: View Member Enrollment Status

STEP 1: Click on “Members” button to view a quick current year list of member enrollment status. The list can also be downloaded to an Excel file.

PLEASE NOTE: This page will show you status of enrollments but not those you confirmed and have not been made “Active” by the 4-H county office.

The screenshot shows the 4hOnline VEC navigation bar with four main categories: Confirm Members, Members, Search, and Reports. The 'Members' button is highlighted with a yellow box. Below the navigation bar is a table titled 'CLUB MEMBERS' showing member data for PLACER county. The table columns are: County, Name, 4-H Age, 4-H Status, Type, Gender, Primary Club Title, Enrollment Date, and Edit. Two rows of data are visible: one for Coughran, Sharon (OPHIR 4-H CLUB) and one for Mitchell, Cindy (Placer County 4-H Leaders' Council). A callout box with the text 'Click Excel icon to download list.' points to the Excel icon in the top right corner of the table.

At this point, you may need to “enable pop-ups” to allow the download.

STEP 3:

Follow prompts for saving the file to your computer or opening it to view on the screen.

PRINT LABELS:

STEP 1: Under Standard Reports, select a Labels report, and click “Run Report.”

STEP 2: Click the Printer Icon

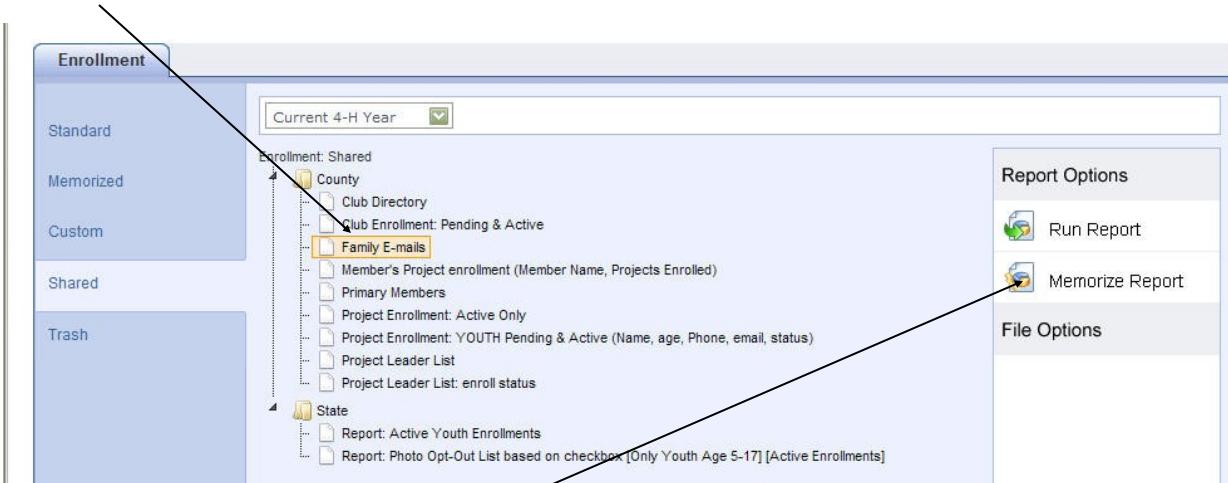

IMPORTANT TO NOTE: this should open a PDF file. If it does not open a PDF file, follow the “DOWNLOAD A FILE” directions above to download a PDF, and then print the file.

STEP 3: Print using Avery Label #5160

- DO NOT USE YOUR QUICK PRINT OPTIONS; the printing will not line up with the label’s perforations.
- Before printing the labels, open the Print Properties and set Page Scaling to “None”, then print the report.

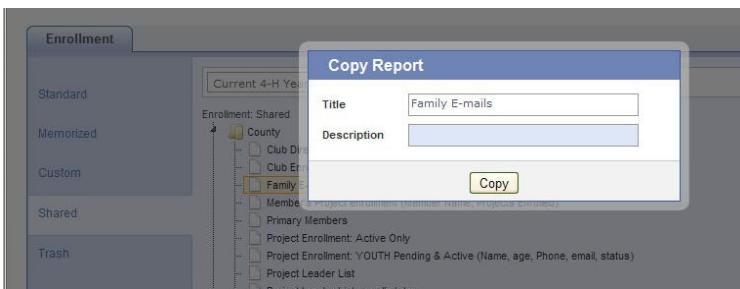

4hOnline VEC How To: Do More in Reports

STEP 1: Click on the Report you wish to use or alter.

STEP 2: Click on "Memorize Report"

This brings up reports created by our office and additional state formatted reports.

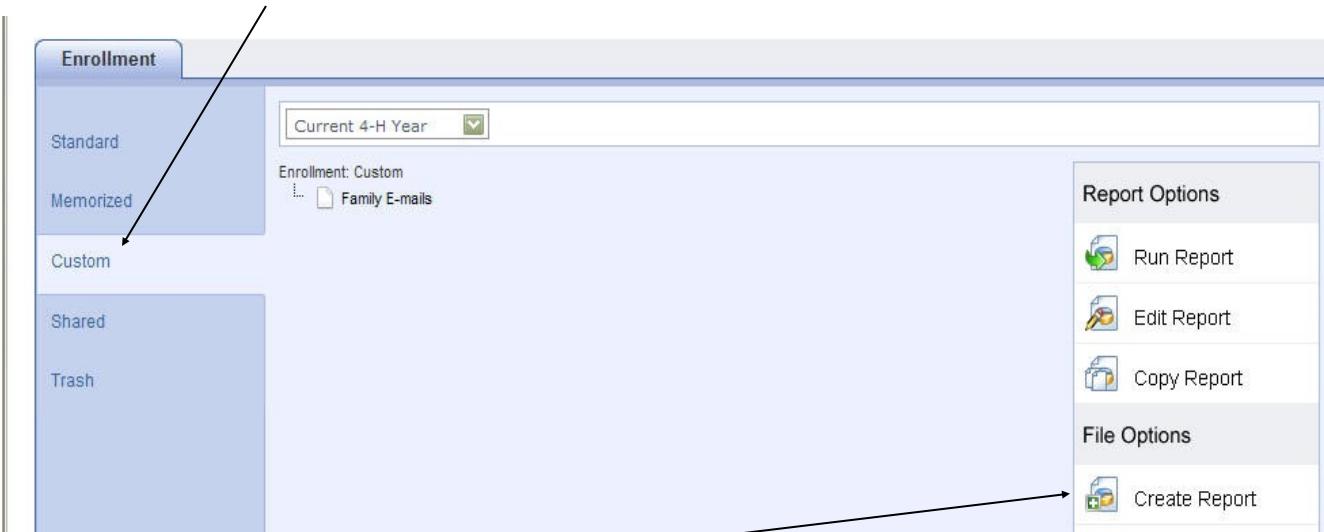

STEP 3: Enter a name for your report. Click on "Copy"

This will open the window that will allow you to make changes to what your report includes. See page 13 for information about customizing your reports.

4hOnline VEC How To: Customize Reports

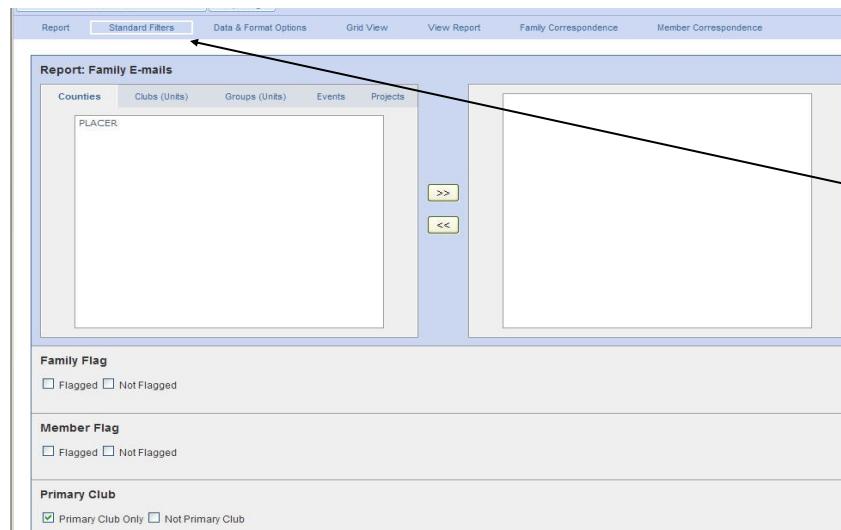

You can either open an existing report and make changes (using the following steps) or create a new report. To start with a new report:

STEP 1: Click on “Custom” in the left blue column

STEP 2: Click on “Create Report” on the right and follow the prompts to name your report. This will open to the “Report” page.

STEP 3: Update any information. Select the information you wish to add or remove, use the >> button to move a selected field to the box on the right, and then use the “Move Up” and “Move Down” buttons to choose the order of the selected data.

STEP 4: At the bottom of the screen, click “Save” before moving to Standard Filters or another screen. If you miss this step, any changes you make to the report will not be saved, and you will have to re-enter the settings and “save” again.

STEP 5: Click “Standard Filters”:

Along the top of the are selectable tabs. Each tab enables various filters that may be selected for the report.

At Club level the only useful tab is “Projects”

Use the >> button to move a selected field to the box on the right, and then use the “Move Up” and “Move Down” buttons to choose the order of the selected data.

**The next steps are covered in the following pages from the California 4-H 4hOnline Manual:
This “new” report you just created will now be found in the “Custom” section of your reports list.**

To export another excel report , select “Edit Report” and follow the above steps again.
