

**Head, Heart, Hands, Health  
Growing Youth Who Thrive**

For the past 100 years 4-H has been helping young people to reach their full potential as competent, confident, caring leaders of character who are connected to others, and contribute to their communities.

4-H serves youth throughout California in urban, suburban and rural communities.

In 4-H, youth design and participate in their own programs and activities. This unique learn-by-doing model teaches essential skills that youth will use throughout their lives, such as identifying sparks, desiring knowledge, setting goals, self-reflection, adapting to new situations, communicating, and responding to the needs of others.

Whether youth are building rockets, raising companion dogs, or planting vegetables, 4-H gives young people the skills they need to thrive and succeed throughout their lives.
