

# Lesson 1 Worksheet

## 4-H Junior Disease Detectives

### ***GROUP AGREEMENTS***

- Enjoy and have fun learning about Epidemiology
- Greet each other by name
- Share the time with one another - W.A.I.T. [Why am I (still) talking?]
- Please mute your microphone if you have a lot of background noise (barking animal, crying sibling)
- Give it a try - try experiences and activities that are new and/or uncomfortable.
- Listen with your eyes, ears, and body.
- Log in a couple of minutes ahead of time. The scheduled start time is when talking begins, not when you problem solve your connection.
- Complete the pre-work so you may join the activities with interest and vigor!
- Be willing to ask questions
