you DREAM of!

## WHAT LOOKS GOOD TO YOU?

### PICK WHAT INTERESTS YOU

- Find a few areas that you want to try.
- Learn from a variety of sources; adult, friends, family, online or the library.
- As you start, think about what you want to learn and do. Then, keep track of it so you can share it with others in a fair exhibit or a presentation.

### CHOOSE A CLUB

- Maybe you have a friend who's in 4-H, or may be a club that's close to home.
- Don't know what club you want to join? Talk to someone at your Cooperative Extension/4-H office, and we'll be happy to find you a club that fits you and your adventure.

### GET INVOLVED

- Contact the community club leader and visit a meeting in your area.
- Don't be shy—the club leaders and the older kids in the club will be happy to answer your questions and help you fit in.

### LET THE ADVENTURE BEGIN!

- Go to your club meetings.
- Participate in the club activities
- Learn about the things that interest you
- If you really enjoy what you do in your projects this year, plan to expand your horizons even more next year!
- Participate in all the countywide events!
