

Agriculture and Natural Resources (ANR)

General Guide to Understanding ANR

UC Cooperative Extension (UCCE) <ul style="list-style-type: none">• County Offices & County Cooperation• County Director• Advisors (non-senate academics)• Staff	Research Extension Centers (RECs) <ul style="list-style-type: none">• Nine (9) field stations throughout CA• Rec Director• Advisors/Specialists• Staff
Statewide Programs (Smith-Lever Act) <ul style="list-style-type: none">• 4-H, Master Gardeners, IPM, Nutrition• Initiative Lead or Program Director• Advisors (non-senate academics)• Community Education Specialists• Within UCCE Office in the County	Agriculture Experiment Station (AES) <ul style="list-style-type: none">• Colleges/Divisions within UCB, UCD, UCR, UCM, UCSC• Separately administered by campuses• Campus Deans• CE Specialists (Academic Researchers)• Campus Staff

- University of California consists of 10 Campuses, 5 Health Systems, a National Laboratory and **Agriculture and Natural Resources**.
- University of California—"Agricultural, Mining, and Mechanical Arts College"— is a **Land-Grant** University established by the **Morrill Act** of 1862. (1868 via Organic Act established our UC System)
- The **Hatch-Act** established the **AES** in 1887.
- **Smith-Lever Act** funds UCCE and **Statewide Programs** through NIFA (USDA) 1914.
- The California Constitution Title IX section 9 authorizes **The Regents** to receive and use the funds listed above.
- A Campus has a Chancellor, **ANR has a Vice-President** and the Labs have a Director.
- ANR's Vice-President reports directly to the UC President
