Virtual Office Hours

Wednesdays:

May 21

June 11

July 16

August 27

September 24

**Noon-1pm
& 6-7pm**

[REGISTER HERE](#)

Vegetable & orchard growers,

join UCCE Specialty Crops Advisor Ellie Andrews to learn & develop skills in nutrient management:

- Key science-based concepts
- Real world examples
- Crop-specific considerations
- Application rates & timing
- Visual deficiency symptoms
- Soil & leaf tissue testing
- Interpretation of lab results

These are free in-depth consultations.
