

# Toolbox Program

**2025**

## *fast facts*

Since 2015, over **\$175,000** contributed tools & toolboxes

100% of contributions go directly to students

Students ages range from 11 to 18 years, the majority are 16-17 years old

Girls receive half of all toolboxes on average

One-third to one-half of Fresno County clubs and chapters receive toolboxes (depending on applications)

## *by the numbers*

**88**

**Toolboxes awarded to students in 2024!**

And over the past nine years:

**42**

**Clubs & Chapters touched by our program**

**65+**

**Contributing sponsors involved in our program**

**565**

**Toolboxes presented to deserving students over 9 years!**

**Without** the generous help of the sponsors, advisors, leaders, and the Toolbox support team, none of this would be possible!!

There are at least two statements made by 90% of the Toolbox recipients:

First, **"I can't believe I got something this nice!"**

Then, when they return to the pen/stall, **"I can't believe that person (the sponsor) took their time to come to the fair and present this to me!"**

We continue to work to ensure more advisors and leaders learn about our program. Reach out to [toolboxprogram@gmail.com](mailto:toolboxprogram@gmail.com) for more information.

We are excited to be at the Big Fresno Fair October 4<sup>th</sup> & 11<sup>th</sup>!

*Hope to see you there! - Mark*
